“The first two are selected for their work in the classroom, while the Charger Award is presented for work outside of the classroom. “This year we had quite a few nominees who were so well qualified that the job of the Senate was a bit difficult,” said Academic Senate President Gary Zager. “Over the course of several senate meetings we made our decisions.” The honorees will be recognized at the President’s 2013 Pre-Graduation Reception as well as during the Commencement ceremony this year.

BUDGET CENTRAL: What is the NOCCCD Budget Timeline?

As we start to wind down the 2012-2013 school year, the budget centers at each school in the District are already gearing up for the new year and preparing the tentative budget for 2013-2014. As a refresher, here’s the NOCCCD budget timeline:

January: Review of Governor’s budget; finalize District Strategic Directions and annual priorities; review of District-wide Strategic Plan; budget assumptions drafted

February-May: Council on Budget and Facilities reviews monthly budgets, updates assumptions for next fiscal year; tentative budget allocations received and each entity builds a tentative budget.

June: Tentative budget is presented to the Board of Trustees.

July-August: Analyze year-end results and incorporate these into local planning; update proposed budget assumptions, as needed, based on updates from the state.

September: Final budget is presented to the Board of Trustees for approval.

For those wanting to learn more about the NOCCCD budget development process, the third and final NOCCCD Budget Allocation Model Forum will take place on Thursday, May 23 from 3 – 5 p.m. at the Anaheim Campus, Rooms 105-107. Information on how funds are allocated in the District and how these funds are linked to the Strategic Plan will be shared.

The last day to submit purchase orders for the fiscal year is Monday, May 20, 2013. Invoices for payment of these purchase orders must be received and paid prior to June 30.

The deadline for all other requests for checks or for payments on existing purchase orders for fiscal year 2012-2013 is Thursday, June 13. Any requests received after that will be processed in the new fiscal year, which begins July 1, 2013.

The Bursar’s Office will begin accepting requests for Bursar purchase orders for 2013-2014 on June 1.

All deposits to be posted in 2012-2013 must be turned in by June 20, 2013.

All items to be charged to District accounts by the Bursar (such as Bookstore requisitions, etc.), are due in the Bursar’s Office June 1.

All outstanding receipts or documentation for expenditures should be submitted to the Bursar’s Office immediately after the event and no later than June 6.

All CCFAR final recaps for 2012-2013 must be submitted by June 20.

Failure to meet these deadlines affects the Bursar’s Office ability to meet District deadlines for closing our books for 2012-2013.
This evening’s meeting is adjourned in honor of Dr. Kim Bartlett, who passed away suddenly in April.

Since 2000, Kim served as the manager of the Disabled Student Programs and Services for both Cypress College and the School of Continuing Education. Described as patient and understanding by her staff, she was a tireless advocate for students with disabilities.

Before she joined the DSPS department, Kim was the director of the Disability Resource Center at San Francisco State University, and the acting executive director of the Access Center of San Diego.

Kim earned her Ph.D. in developmental psychology at the University of California, Santa Barbara, and her bachelor’s degree at Arizona State University. Her research has been published in the Merrill-Palmer Quarterly and the Journal of Social Issues. She was also a postdoctoral fellow in clinical psychology at Mental Health Systems in San Diego and a postdoctoral fellow in pediatric clinical psychology at the Johns Hopkins University School of Medicine in Baltimore.

Tonight, we honor Kim, and extend our deepest sympathies to her family.

Subject: Office Ergonomics Training

In order to safeguard our employees’ health and wellness, as well as to comply with Cal/OSHA requirements to identify and eliminate hazards that could potentially cause repetitive motion injuries to employees, the District will provide office ergonomics training for District employees. This training is a must for all classified office personnel, including managers, since they are most likely to be at risk for repetitive motion injury due to extensive use of the computer. However, all other employees identified as prone to repetitive motion injuries, or anyone with any experience with repetitive injury must receive this training. Employees in the categories described above must attend one of the six sessions offered below, and other personnel who use the computer extensively are strongly encouraged to attend.

This training will also include explanation of the District’s ergonomics program and provide resources and tools available to all employees and families, as well as to the students.
