Subject: Fwd: Re: Advisory Meetings

Hi Jeanne,  
Advisory Committee Meetings for vocationally TOP Coded programs is a System Office/Title 5 requirement. I have an Advisory Committee Policy and Procedure booklet published by our district many years ago, but nothing electronic. We could probably scan it for the Accreditation. Hope this helps!  
Steve

Steve,

Where's the documentation that says we have to have advisory meetings? Is there anything posted about them on the J drive?

That is a Steve question. I understand that all vocational programs are required to have an Advisory Committee for each program.
