Please note:

Calendar activities and dates subject to revision as needed.

Participation in these activities is mandatory for all UTAP students unless otherwise indicated with an asterisk (*).

Important:

Students in UTAP sign a contract which states that they will attend all the extra-curricular activities. Activities are typically instruction-related; students who are absent miss an opportunity to more fully engage with the material. Students who do not honor their commitment to attend these events jeopardize their ability to remain in the program.
