Technology Projects for Discussion, special funding request:

Name	Purpose	Notes
Campus Security Camera Upgrade, expansion, and new emergency call stations	Improve security surveillance around campus.	<ul style="list-style-type: none"> - Implement a more robust security administrative platform to support the campus security department. - Update security cameras, replace old hardware and expand coverage. - Expand viewing capabilities within the campus control center.
Theatre Arts	Improve technology hardware within the Cypress Theatre	I am working with the Dean on the requirements.
Technology upgrade for conference rooms, CCCPlex 419, 414 and President's Conference Room.	We need to be more current.	
Solar Powered Charging Station
