

# **Cypress College**

## **Catalog**

**2018–2019**

**Addendum**

**April 2, 2019**

**REVISED****Credit by Examination**

The basic purpose of Credit by Examination is to allow unit credit, for prior or advanced knowledge of class material. Credit by Examination is also considered “challenging a course.” Students may request a challenge of subject matter in which they are especially qualified through previous training or experience. Examinations will be sufficiently comprehensive to determine if the student has essentially the same knowledge and skills as a student who successfully completes the course.

Credit by Examination is available under the regulations listed below:

1. Students must be currently enrolled at Cypress College in a course other than the course being challenged.
2. Students must contact the division office to obtain the courses that can be challenged.
3. Credit by Examination may be taken only for a course listed in the catalog of the community college the challenged course is offered.
4. Students should read the course description in the catalog to gain understanding of the class content.
5. Students can receive credit for a maximum of **fifteen** semester units.
6. A previous enrollment or audit for a course, a grade (including a W) prevents a challenge.
7. Prior credit or advanced placement cannot have been previously received.
8. Credit by Examination is not intended to replace make-up examinations for college courses not completed or courses taken in high school.
9. Less advanced courses cannot be challenged if they are considered lower in degree than those already taken.
10. Students may challenge a course only once.
11. Students must pay appropriate enrollment and health fees prior to taking the examination. Fee waivers do not cover Credit by Examination fees.
12. Credit by Examination will not be posted to the transcript until all fees or holds have been resolved.
13. Credit by Examination is graded on a Pass/No Pass basis. If students choose to have passing results recorded on their permanent record, the Pass (P) grade and the unit value will appear with a notation indicating the credit was obtained by Credit by Examination.  
  
Note: A Pass/No Pass option should be discussed with a counselor if a student is planning to transfer to a four-year institution. Many transfer institutions do not accept Credit (CR) or Pass (P) grades for major, minor and general education requirements.
14. Some of the courses challenged may be taken for a letter grade and will be posted to the student's permanent record with a notation that the credit was obtained by Credit by Examination; however, it will not count towards the twelve residency units required by Cypress College to earn an associate degree.

To initiate a petition for Credit by Examination, students must confer with the instructor and division dean no later than the eighth week of the semester. Criteria for petition approval will be determined by the division. General guidelines will include evidence of previous learning experience and evidence to indicate probable success in the examination.

If it is determined that a student's prospects for examination success are satisfactory, the student must obtain the signatures of the instructor and dean on the Credit by Examination petition. The student must submit the completed petition to the division dean no later than the end of the eighth week of the semester. The time and place of the examination, its content and the arrangement for its administration are determined by the division. The appropriate fees must be paid prior to the examination. The examination must be given before the end of the semester and students must contact the division for the examination results.

The following courses may be challenged by examination:

Aviation and Travel Careers See Department Program Director	MATH 150BC Calculus II
Dental Assistant Courses See Department Program Director	MATH 250AC Multivariable Calculus
Dental Hygiene Courses See Department Program Director	MATH 250BC Linear Algebra/Differential Equations
Health Info Tech Courses See Department Program Director	Mortuary Science Courses See Department Program Director
Health Science Courses See Division Dean	Nursing Courses See Department Program Director
MATH 130 C Survey of Calculus	KIN 284 C Contemporary Personal Health
MATH 150AC Calculus I	Psychiatric Tech Courses See Department Program Director

**REVISED****OCCUPATIONAL CERTIFICATE REQUIREMENTS**

Certificates do not require general education course work. Requirements for Certificate Programs for the 2017–2018 Catalog Year include:

- Submission of an Application for Certificate in the Admissions and Records Office.
- Completion of specific program courses listed in the catalog with a minimum grade of “C.”
- Completion of at least 50% of the required courses at Cypress College.

Students may submit an application for multiple certificates per term providing requirements are met. A catalog academic year must be specified on the application. The catalog year will be used to determine if all certificate requirements have been met. **NOTE:** Specific course requirements for Certificates are listed in applicable sections of the catalog.

\* Students must have previously earned an Associate Degree to be eligible for these certificates.

Students with disabilities requiring accommodations on state or national examinations should contact the department coordinator for further information. Requests for accommodations should be made prior to applying for any licensing or certification examination.

**REVISED****Occupational Degree**

The Occupational Degree is designed for individuals who desire an Associate in Arts or Associate in Science Degree with an occupational major. This degree may include transfer and/or non-transfer course work (see Course Numbering section for description of transfer and non-transfer course work) and includes completion of major requirements.

**Requirements for the Occupational Degree include:**

- Completion of 25 units of general education from the Cypress Native GenEd pattern;
- Three (3) units of Cultural Diversity. These units must be chosen from the Cultural Diversity list;
- Completion of Reading Proficiency requirement;
- Completion of Major courses listed in the catalog with a minimum grade of “C.” A minimum of 50% of these courses must be completed at Cypress College.
- Completion of additional degree-applicable classes for a total of 60 units (see Non-Degree Credit Courses for description of classes that are non-degree applicable);
- A 2.0 (C) overall GPA.

**Occupational Degrees Offered by Cypress College are:**

Accounting  
 Air Conditioning and Refrigeration  
 Airline Customer Services  
 Art — Graphic Design  
 Automotive Collision Repair  
 Automotive Technology  
 Aviation Management  
 Baking and Pastry Arts  
 Business Management

Specific External Exam Credit such as Advanced Placement (AP) may satisfy the requirement.</p> <p><b>See a counselor for details.</b></p>					
	LEGEND					
*	The Mathematics requirement can also be met by passing a Mathematics Proficiency Examination. Refer to the schedule of classes for time and date of administration of the examination.					
**	Also meets Reading Proficiency requirement for graduation.					
∞	Also meets Cultural Diversity requirement for graduation.					
◇	Course may be used to satisfy requirements for one area only.					
□	Duplicate credit not granted for the same cross listed courses, nor for non-honors and honors classes.					
NOTE:	Underlining indicates a course is no longer offered at Cypress College. In order to receive General Education credit, the course must be on the official approved list at the time the course is taken. Please see a counselor to determine your catalog rights and the applicability of courses completed.					

To view the current Cypress College Native GE course list on-line, go to the Transfer Center website at: [www.cypresscollege.edu/services/transfer/generalEducationPlans](http://www.cypresscollege.edu/services/transfer/generalEducationPlans).

**Please confer with a counselor for more information and to discuss your major requirements**

**REVISED**

**ASSOCIATE IN SCIENCE DEGREE  
ACCOUNTING**

**Program Code: 1S03761**

This curriculum is designed to prepare the student for employment in the field of general bookkeeping and accounting. A graduate from this program should be equipped to meet the demands of any organization requiring skills in general accounting, cost accounting and analysis of financial information. To earn an Associate Degree students must complete: (1) all major course requirements with a minimum grade of “C”; (2) 25 units of General Education Graduation Requirements; (3) the cultural diversity and reading requirements; (4) any elective courses to complete a minimum of 60 units; and, (5) have a minimum GPA of 2.0. At least 50% of all major course work must be completed at Cypress College. Courses that fulfill major requirements for an Associate Degree at Cypress College might not be the same as those required for completing the major at a transfer institution offering a Baccalaureate Degree. For information on specific university requirements, please consult with your counselor, or visit the Transfer Center.

	<b>Total Units</b>	<b>30</b>

**ACCT 101 C Financial Accounting**

**5 Units**

**(C-ID: ACCT 110)**

*Prerequisite: MATH 038 C or MATH 040 C or MATH 041 C with grades of “C” or better.*

Term hours: 90 lecture. A course in beginning accounting meets transfer requirements to four-year colleges and universities and provides a foundation for vocational accounting or other areas of business administration. This course describes and illustrates financial accounting theory and principles, including classification of accounts, recording of financial transactions, presentation and analysis of financial statements, and fundamentals of the accounting cycle as applied to service and merchandising enterprises. Credit by Examination. (UC/CSU)

**ACCT 102 C Managerial Accounting**

**5 Units**

**(C-ID: ACCT 120)**

*Prerequisite: ACCT 101 C with a grade of “C” or better.*

*Advisory: CIS 111 C and CIS 103 C.*

Term hours: 90 lecture. This is the study of how managers use accounting information in decision-making, planning, directing operations and controlling. Focuses on cost terms and concepts, cost behavior, cost structure and cost-volume-profit analysis. Includes issues relating to cost systems, cost control, profit planning, and performance analysis in manufacturing and service environments. (UC/CSU)

**ASSOCIATE IN SCIENCE IN  
ADMINISTRATION OF JUSTICE FOR  
TRANSFER DEGREE (AS-T) Program Code: 1S37048**

This curriculum is designed to provide an Associate in Science Degree in Administration of Justice for Transfer (AS-T in AJ) for students who would like to transfer to a California State University (CSU) and major in Administration of Justice or Criminal Justice. The Administration of Justice discipline examines the structure, functions, laws and procedures, and decision-making processes of agencies that deal with crime management, such as police, prosecutors, courts, and correctional facilities. This curriculum offers students the opportunity to learn skills necessary for working with local, state, or federal law enforcement agencies and will demonstrate commitment to the field and provide comprehensive preparation for upper-division work. Students should consult a counselor, the Transfer Center and the catalog of the transfer college or university to plan a specific program of study to meet the college’s or university’s requirements. Note: Courses that fulfill major requirements for an Associate Degree for Transfer at Cypress College might not be the same as those required for completing the major at all transfer institutions offering a Baccalaureate Degree. The Student Transfer Achievement Reform Act (Senate Bill 1440, now codified in California Education Code sections 66746–66749) guarantees admission to a California State University (CSU) campus for any community college student who completes an “Associate Degree for Transfer,” a newly established variation of the associate degrees traditionally offered at a California community college. The AS-T is intended for students who plan to complete a bachelor’s degree in a similar major at a CSU campus. Students completing these degrees (AS-T) are guaranteed admission to the CSU system, but not to a particular campus or major. Students transferring to a CSU campus that does accept the AS-T will be required to complete no more than 60 units after transfer to earn a bachelor’s degree (unless the major is designated “high-unit” major). This degree may not be the best option for students intending to transfer to a particular CSU campus or to a university or college that is not part of the CSU system. To earn an AS-T in Administration of Justice, students must complete the following requirements: (1) a minimum of 18 semester units or 27 quarter units in the major or area of emphasis

with a minimum grade of “C” in those courses; (2) California State University General Education Breadth requirements (CSU-GE Breadth) or the Intersegmental General Education Transfer Curriculum (IGETC); (3) completion of 60 semester units or 90 quarter CSU transferable units; (4) and have a minimum overall grade point average (GPA) of 2.0.

**Required Core Courses (6 units) are listed in suggested sequence:**

	<b>Units</b>
AJ 110 C Introduction to Criminal Justice	3
AJ 120 C Concepts of Criminal Law	3

SOC 161HC Honors Probability and Statistics-Social Sciences	(4)
CIS 111 C Computer Information Systems	3
PHIL 170 C Logic and Critical Thinking	3
PHIL 172 C Critical Thinking and Writing	(3)
<b>Total Units</b>	<b>18–19</b>

**AJ 110 C Intro to Criminal Justice 3 Units**  
(C-ID: AJ 110)

Term hours: 54 lecture. This course introduces students to the characteristics of the criminal justice system in the United States. Focus is placed on examining crime measurement, theoretical explanations of crime, responses to crime, components of the system, and current challenges to the system. The course examines the evolution of the principles and approaches utilized by the justice system and the evolving forces which have shaped those principles and approaches. Although justice structure and process is examined in a cross cultural context, emphasis is placed on the US justice system, particularly the structure and function of US police, courts, and corrections. Students are introduced to the origins and development of criminal law, legal process, and sentencing and incarceration policies. (UC/CSU, AS GE, **CSU GE, IGETC**)

**AJ 120 C Concepts of Criminal Law 3 Units**  
(C-ID: AJ 120)

*Prerequisite: Completion of or concurrent enrollment in AJ 110 C.*

Term hours: 54 lecture. This course offers an analysis of the doctrines of criminal liability in the United States and the classification of crimes against persons, property, morals, and public welfare. Special emphasis is placed on the classification of crime, the general elements of crime, the definitions of common and statutory law, and the nature of acceptable evidence. This course utilizes case law and case studies to introduce students to criminal law. The completion of this course offers a foundation upon which upper-division criminal justice course will build. The course will also include some limited discussion of prosecution and defense decision making, criminal culpability, and defenses to crimes. (UC/CSU, AS GE, **CSU GE, IGETC**)

<b>Total Units</b>		<b>21</b>

**REVISED**

**COMMERCIAL AIR CONDITIONING CERTIFICATE**

**Program Code: 1C31186**

The Commercial Air Conditioning Certificate provides students with a career path for attaining the communication skills, practical knowledge, and technical training necessary for pursuing a career in commercial building air conditioning. Students completing this certificate will develop an advanced understanding of commercial building air conditioning. To earn this certificate, complete the required courses as listed with a minimum grade of “C”. At least 50% of all major course work must be completed at Cypress College.

<b>Required courses are listed in suggested sequence:</b>		<b>Units</b>
AC/R 100 C	Principles of Thermodynamics and Heat Transfer	3
AC/R 110 C	Air Conditioning I	3
AC/R 120 C	Piping Practice, Tools and Safety	2
AC/R 036 C	Refrigerants, Charging and Recovery	1
AC/R 137 C	Blueprints and Dimension Analysis	2
AC/R 105 C	Electricity for Air Conditioning and Refrigeration I	3
AC/R 115 C	Gas Heating and Carbon Monoxide	2
AC/R 125 C	Boiler and Hydronic Heating	2
AC/R 135 C	Solar Energy for Heat and Cool	2
AC/R 145 C	Load Calculations for Heating and Cooling	2
AC/R 205 C	Commercial Air Conditioning	3
<b>Total Units</b>		<b>25</b>

**REVISED**

**ASSOCIATE IN ARTS DEGREE**

**ANTHROPOLOGY**

**Program Code: 1A18368**

The Associate in Arts Degree in Anthropology is designed to provide students with a comprehensive introduction to the four major fields of anthropology in order to give them the background knowledge needed by undergraduate anthropology majors for university transfer and coursework, while emphasizing the practical applications of anthropological skills and knowledge in a diversity of careers and the utility of anthropological perspectives as a life-long learning tool for interpreting world events. To earn an Associate Degree students must complete: (1) all major course requirements with a minimum grade of “C”; (2) California State University General Education Breadth requirements (CSU GE Breadth) or IGETC general education plan; (3) any elective courses to complete a minimum of 60 units; (4) complete all graduation requirements; and (5) have an overall GPA of 2.0. At least 50% of all major course work must be completed at Cypress College. Students pursuing more than one specified departmental major may double count a maximum of 7 units to fulfill major requirements. Courses that fulfill major requirements for an Associate Degree at Cypress College might not be the same as those required for completing the major at a transfer institution offering a Baccalaureate Degree. For information on specific university requirements, please consult with your counselor, or visit the Transfer Center.

<b>Required Courses</b>		<b>Units</b>

<b>Total Units</b>		<b>19</b>

**ANTH 208 C Anthropology of Death**

**3 Units**

*Advisory: Completion of ENGL 100 C. Completion of ANTH 102 C or 104 C or 107 C.*

Term hours: 54 lecture. This course is a cross-cultural exploration of the beliefs and practices surrounding death, dying, mourning, and mortuary customs, as well as conceptions of the afterlife, in both Western and non-Western cultures around the world, and how the individual is impacted sociologically, physiologically and psychologically throughout the life course by issues related to death and dying. It will emphasize how human social, political and economic institutions are inextricably interwoven using an integrated anthropological approach, including data from archaeology, biological anthropology, linguistic anthropology and cultural anthropology, as well as broader social science perspectives, methods, values and ethics. This course is specifically designed as a general education social science course and to illustrate how understanding beliefs and practices related to death and dying provide lifelong appreciation of the individual as an integrated physiological, social, and psychological being. Duplicate credit not granted for ANTH 308 C. (UC/CSU, **CSU GE, IGETC**)

**REVISED**

**ASSOCIATE IN ARTS IN  
ART HISTORY FOR TRANSFER  
DEGREE (AA-T)**

**Program Code: 1A31986**

This curriculum is designed to provide an opportunity for the Art History major to achieve an Associate in Arts Degree in Art History for Transfer (AA-T in Art History) which completes the first and second year requirements for transfer to a four-year public California institution. This degree provides lower division major and general education preparation for students interested in transferring to four-year universities as Art History majors. The study of Art History is an interdisciplinary, critical study of human history through the perspective of visual culture. Students explore the various areas of Art History to build a foundation for future creative, interpretive, analytical work. While at least a baccalaureate degree is recommended preparation for those considering professional careers, completion of this curriculum will demonstrate commitment to the field and provide comprehensive preparation for further academic study through upper-division course work. This curriculum specifically prepares the prospective transfer student for upper division coursework in Art History or a similar major at a California State University (CSU) campus. Students should consult a counselor, the Transfer Center and the catalog of the transfer college or university to plan a specific program of study to meet the college or university’s requirements. Note: Courses that fulfill major requirements for an Associate Degree for Transfer at Cypress College might not be the same as those required for completing the major at all transfer institutions offering a Baccalaureate Degree. The Student Transfer Achievement Reform Act (Senate Bill 1440, now codified in California Education Code sections 66746–66749) guarantees admission to a California State University (CSU) campus for any community college student who completes an “associate degree for transfer”, a newly established variation of the associate degrees traditionally offered at a California community college. The AA-T is intended for students who plan to complete a bachelor’s degree in a similar major at a CSU campus. Students completing these degrees (AA-T) are guaranteed admission to the CSU system, but not to a particular campus or major. Students transferring to a CSU campus that does accept the AA-T will be required to complete no more than 60 units after transfer to earn a bachelor’s degree (unless the major is designated “high-unit” major). This degree may not be the best option for students intending to transfer to a particular CSU campus or to a university or college that is not part of the CSU system. Students should consult with a counselor when planning to complete the degree for more information on university admission and transfer

requirements. To earn an AA-T in Art History students must complete the following requirements: (1) a minimum of 18 semester units or 27 quarter units in the major or area of emphasis as determined by the community college district, (2) earn a grade of C or better in all courses required for the major or area of emphasis, (3) the California State University General Education Breadth requirements (CSU GE-Breadth) or the Intersegmental General Education Transfer Curriculum (IGETC) pattern, (4) 60 semester or 90 quarter CSU-transferable units, and (5) obtainment of a minimum grade point average (GPA) of 2.0.

**ASSOCIATE IN SCIENCE DEGREE AIRLINE CUSTOMER SERVICES**

**Program Code: 1S14040**

The Airline Customer Services Program provides students with a career path for attaining the communication skills, practical knowledge, and technical training necessary for pursuing a career as a reservations agent, gate agent, ticket agent, or customer services manager. Students completing this degree will develop an advanced understanding of the airline industry and the safety, security, and service requirements necessary to work in customer services for a major airline. To earn an Associate Degree students must complete: (1) all major course requirements with a minimum grade of "C"; (2) 25 units of General Education Graduation Requirements; (3) the cultural diversity and reading requirements; (4) any elective courses to complete a minimum of 60 units; and, (5) have a minimum GPA of 2.0. At least 50% of all major course work must be completed at Cypress College. Courses that fulfill major requirements for an Associate Degree at Cypress College might not be the same as those required for completing the major at a transfer institution offering a Baccalaureate Degree. For information on specific university requirements, please consult with your counselor, or visit the Transfer Center.

Required courses are listed in numeric sequence:		Units
ATC 101 C	Introduction to Travel Careers	3
ATC 102 C	Career Communication/Portfolio	3
ATC 174 C	Destinations: Americas/Europe	3

**ATC 118 C Disaster Preparedness/Response 3 Units**

Term hours: 54 lecture. This course provides students with an awareness of natural and man-made incidents which result in catastrophic loss. Disaster scenarios will be examined from the perspective of preparedness, response and clean-up. Federal, state and local response preparedness programs will be a focus, including FEMA. Students will take part in simulated incidents, including safety and security for large-scale events. State and national incident command systems, S.E.M.S. and N.I.M.S., will be taught so as to familiarize the student to police and fire responses. (CSU) (UC)

**NEW**  
**ASSOCIATE IN SCIENCE IN BIOLOGY FOR TRANSFER DEGREE (AS-T)**

**Program Code: 1S37120**

Completion of the Associate in Science Degree in Biology for transfer (AS-T) provides lower division major and general education preparation for students interested in transferring to CSU campuses that offer a bachelor's degree in biology. Careers related to this field include biotechnology, medicine, pharmacy, dentistry, optometry, physician's assistant, biomedical engineering, agriculture, and forestry as well as many other related careers. While at least a baccalaureate degree is recommended preparation for those considering professional careers, completion of this curriculum will demonstrate commitment to the field and provide comprehensive preparation for further academic study through upper-division course work. Students should consult a counselor, the Transfer Center, and the catalog of the transfer college or university to plan a specific program of study to meet the college or university's requirements. Note: Courses that fulfill major requirements for an Associate Degree for Transfer at Cypress College might not be the same as those required for completing the major at all transfer institutions offering a Baccalaureate Degree. The Student Transfer Achievement Reform Act (Senate Bill 1440, now codified in California Education Code sections 66746–66749) guarantees admission to a California State University (CSU) campus for any community college student who completes an "associate degree for transfer", a newly established variation of the associate degrees traditionally offered at a California community college. The AS-T is intended for students who plan to complete a bachelor's degree in a similar major at a CSU campus. Students completing these degrees (AS-T) are guaranteed admission to the CSU system, but not to a particular campus or major. Students transferring to a CSU campus that does accept the AS-T will be required to complete no more than 60 units after transfer to earn a bachelor's degree (unless the major is designated "high-unit" major). This degree may not be the best option for students intending to transfer to a particular CSU campus or to a university or college that is not part of the CSU system. To earn an AS-T in Biology students must complete: (1) a minimum of

18 semester units or 27 quarter units in the major or area of emphasis as determined by the community college district, (2) earn a grade of C or better in all courses required for the major or area of emphasis, (3) the California State University General Education Breadth requirements\* (CSU GE-Breadth) or the Intersegmental General Education Transfer Curriculum\* (IGETC) pattern, (4) 60 semester or 90 quarter CSU-transferable units, and (5) obtainment of a minimum grade point average (GPA) of 2.0. \*Note: Due to the high unit value of this degree, it is eligible for CSU GE for STEM or IGETC for STEM which allows students to defer completion of 6 units (3 units in Arts/Humanities and 3 units in Social Sciences) until after transfer. Students should consult with a major counselor.

**Required Core Courses (12 units).**

<b>Courses are listed in the suggested sequence:</b>		<b>Units</b>
BIOL 174 C	Biology of Cells and Tissues	4
BIOL 175 C	Evolution and Biodiversity	4
BIOL 276 C	Ecology and Physiology	4

**List A: Required supporting science and mathematics courses (22 units)**

		<b>Units</b>
CHEM 111AC	General Chemistry I	5
CHEM 111BC	General Chemistry II	5
MATH 150AC	Calculus I	4
PHYS 201 C	College Physics I and	4

<b>Total Units</b>		<b>0</b>

**BIOL 160 C Integrated Medical Science 3 Units**

Term hours: 54 lecture. This is a one-semester course that includes a systematic coverage of fundamental physical/chemical principles, basic biological concepts, and fundamentals of anatomy and physiology. The course is designed for various allied health programs (psychiatric technician, court reporting, etc.) or others who desire a background in human biology. Pass/No Pass/Letter Grade Option. (CSU) (UC) AA GE

**BIOL 220 C Medical Microbiology 4 Units**

*Prerequisite: BIOL 231 C or BIOL 210 C with minimum grades of "C".*

Term hours: 54 lecture and 54 laboratory. This course is a study of the etiology, transmission, pathology, diagnosis and control of infectious disease. Special attention is given to the topics of immunology and chemotherapy. Laboratory emphasis is placed on providing experience and insight into the processes of specimen handling, isolation, identification, and sensitivity testing of pathogenic microorganisms. Aseptic techniques are stressed throughout the course. This course is recommended for students of nursing (RN), dental technology, medical records, and baccalaureate degree medical or public health programs. Recommended background is one year each, high school chemistry/biology, or one semester each, college chemistry/biology. If the student has no science background, prior completion of BIOL 160 C is strongly recommended. Pass/No Pass/Letter Grade Option. (CSU) (UC)

**CHEM 104 C Physical Science for Teachers 4 Units**

*Prerequisite: MATH 020 C or MATH 041 C with a minimum grade of "C".*

Term hours: 54 lecture and 54 laboratory. This activity-based course introduces students to basic principles of physics and chemistry with emphasis on their practical importance and application in the real world. Some of the topics include: matter, physical and chemical properties, energy, motion, light, atomic structure, bonding, solutions and chemical reactions. This course is intended for students who want to become elementary school teachers. Duplicate credit not granted for PHSC 104 C. (CSU) (UC) AA GE, CSU GE

**REVISED**

**ASSOCIATE IN SCIENCE DEGREE  
COMPUTER INFORMATION  
SYSTEMS**

**Program Code: 1S03767**

This curriculum prepares the student for a career in the area of computer information systems. The program is designed to develop a working knowledge of what is required to be successful in business computer information systems. To earn an Associate Degree students must complete: (1) all major course requirements with a minimum grade of "C"; (2) 25 units of General Education Graduation Requirements; (3) the cultural diversity and reading requirements; (4) any elective courses to complete a minimum of 60 units; and, (5) have a minimum GPA of 2.0. At least 50% of all major course work must be completed at Cypress College. Courses that fulfill major requirements for an Associate Degree at Cypress College might not be the same as those required for completing the major at a transfer institution offering a Baccalaureate Degree. For information on specific university requirements, please consult with your counselor, or visit the Transfer Center.

<b>Required courses are listed in suggested sequence:</b>		<b>Units</b>
ACCT 101 C	Financial Accounting	5
CIS 111 C	Computer Information Systems	3
CIS 132 C	Spreadsheet-Excel for Windows	4
CIS 142 C	Database-Access for Windows	3
CIS 150 C	Microsoft Office Applications	3
CIS 160 C	Information Systems Management	3
CIS 211 C	Introduction to Programming	3
CIS 250 C	Word Processing	2
MGT 111 C	Business Communications	3
	or	
MGT 211 C	Writing for Business	(3)
<b>Total Units</b>		<b>29</b>

**ASSOCIATE IN SCIENCE DEGREE  
CYBER DEFENSE**

**Program Code: 1S37246**

The Associate in Science Degree in Cyber Defense provides concepts and hands-on skills to identify Cybersecurity threats and implement procedures to protect Cyber assets. It will also enhance students' chances to pursue a professional career in Cybersecurity by preparing them for industry-recognized certificates such as Security+, CEH, ISM and CCNA Security. To earn an Associate Degree students must complete: (1) all major course requirements with a minimum grade of "C"; (2) 25 units of General Education Graduation Requirements; (3) the cultural diversity and reading requirements; (4) any elective courses to complete a minimum of 60 units; and, (5) have a minimum GPA of 2.0. At least 50 percent of all major course work must be completed at Cypress College.

**Take any four of the following required core courses (12 units) plus one area of emphasis group of courses as listed below: (additional 12-18 units depending on emphasis group selected)**

	<b>Units</b>
CIS 190 C Cybersecurity Competition Fundamentals	3
CIS 195 C Network Security	3
CIS 196 C Ethical Hacking	3
CIS 230 C Cisco Networking 1	3
CIS 245 C Perl Programming	3
	or
CIS 247 C Python Programming	(3)
<b>Computer Forensics emphasis</b>	<b>Units</b>
CIS 276 C Computer Forensics I	3
CIS 277 C Computer Forensics II	3
CIS 278 C Cyber Crime	3
CIS 279 C Computer Forensics Legal Aspects	3
CIS 280 C Analysis of Digital Media	3
CIS 281 C Computer Forensics Capstone	3
<b>Cisco Networking emphasis</b>	<b>Units</b>
CIS 231 C Cisco Networking 2	3
CIS 232 C Cisco Networking 3	3
CIS 233 C Cisco Networking 4	3
CIS 258 C CCNA Security	3
<b>Homeland Transportation Security emphasis</b>	<b>Units</b>
AJ 110 C Introduction to Criminal Justice	3
	or
AJ 120 C Concepts of Criminal Law	(3)
ATC 102 C Career Communication/Portfolio	3

**CIS 160 C Information Systems Management 3 Units**

Pass/No Pass/Letter Grade Option

Term hours: 54 lecture and 18 laboratory. This course is for students interested in managing a Computer Information Systems Center. The subject areas to be studied are planning, equipping, staffing, and managing a computerized business office. The student will use a computer spreadsheet and database in hands-on exercises in planning and managing an information systems office. \$3 materials fee payable at registration. (CSU)

**CIS 245 C Perl Programming 3 Units**

Term hours: 54 lecture and 18 laboratory. This hands-on course introduces students to the Perl and CGI programming language. Topics include syntax, basic scripting skills, arrays and hashes, I/O, regular expressions, and subroutines. The course also introduces object-oriented programming in Perl, as well as CGI.pm module and Perl web programming. Pass/No Pass/Letter Grade Option. \$3.00 Material Fee-Payable at Registration. (CSU) (UC)

**CIS 247 C Python Programming 3 Units**

Term hours: 54 lecture and 18 laboratory. In this class students will obtain a hands-on introduction to the Python language, Python tools, Python applications, and Python Web programming. Through lectures and laboratory work, students learn the skills of Python programming. Pass/No Pass/Letter Grade Option. \$3.00 Material Fee-Payable at Registration. (CSU) (UC)

**COUN 100 C College Orientation 1 Unit**

*Advisory: This course is designed for students who are eligible for services from Disability Support Services (DSS).*

Term hours: 18 lecture. This course will introduce students to campus support services, establish realistic goals, develop study skills, and discuss time management strategies. Students will learn about accessing accommodations on campus and in the community. Pass/No Pass (CSU) (UC)

**COUN 105 C Stress and Anxiety Management 1 Unit**

Term hours: 18 lecture. This course is designed to increase the student's awareness of the effects of stress and anxiety on academic performance and daily life. Emphasis will be placed on understanding effective and ineffective responses to stress and anxiety on planning a personal stress and anxiety management program. Students will explore and practice a variety of practical coping skills and management techniques. (CSU) (UC) CSU GE

**COUN 160 C College/University Transition 1 Unit**

Term hours: 18 lecture. This course is designed for the student and the parents of the student who plans to transfer to a college or university. Topics include the value of pursuing higher education, selection of a transfer institution, admissions, academic requirements, financial aid options, special programs, priority filing deadline, and developing an autobiographical essay. Duplicate Credit Not Granted For COUN 160HC. Pass/No Pass/Letter Grade Option. (CSU) (UC)

**COUN 160HC Honors University Transition 1 Unit**

Term hours: 18 lecture. This course is designed for the Honor Program student. It is an enhanced orientation to the transfer process. Topics include the value of pursuing higher education, selection of a transfer institution, admission, academic requirements, financial aid options, priority filing deadlines, developing an autobiographical essay and personal transfer portfolio. Emphasis will be placed on researching and evaluating transfer options. Duplicate credit not granted for COUN 160 C. Pass/No Pass/Letter Grade Option. (CSU) (UC)

**REVISED**

**COMPUTER EDITOR (SCOPIST)  
CERTIFICATE** **Program Code: 1C07820**

**STUDENTS MUST FURNISH  
THEIR OWN MACHINE AND PAPER**

The Computer Editor (Scopist) Certificate prepares the student for employment in the field of court reporting working one-on-one with a Certified Shorthand Reporter to prepare and edit official transcripts for court, depositions, hearings, and other venues. To earn a certificate, the student must complete the required courses as listed with a minimum grade of "C". At least 50% of all course work must be completed at Cypress College.

<b>Required courses are listed in suggested sequence:</b>		<b>Units</b>

CTRP 039 C	Internship - Legal Transcription	3
	<b>Total Units</b>	<b>23–24</b>

**CTRP 039 C Internship-Legal Transcription** **3 Units**  
Pass/No Pass/Letter Grade Option.

Term hours: 36 lecture and 54 laboratory **TBA**. This course offers practical work experience in legal transcription for future employment in law offices, police departments, court reporting agencies, and other venues, Internship may be paid or unpaid. There will be 50 hours of internship, plus 10 hours of observation.

**REVISED**

**ASSOCIATE IN ARTS IN ECONOMICS FOR TRANSFER DEGREE (AA-T) Program Code: 1A35301**

This curriculum is designed to provide an opportunity for the economics major to achieve an Associate in Arts in Economics (AA- T in economics) which completes the first and second year requirements for transfer to a four-year public California institution. This degree is designed to provide students with a comprehensive introduction to the two major fields of economics in order to give them the background knowledge needed by undergraduate economics majors. The coursework emphasizes the practical applications of economics and knowledge in a diversity of careers and the utility of economics perspectives as a life-long learning tool for interpreting world economic events. Students successfully completing the AA-T in Economics will acquire a fundamental knowledge base of economics, learn basic knowledge and possess a basic understanding of areas that have an interdisciplinary association to Economics. This degree will provide students with an introduction to the field and its applied areas. While at least a baccalaureate degree is recommended preparation for those seeking professional careers, completion of this degree is excellent general preparation for careers in academic and applied economics, research institutes, financial institutions, education, international economic systems, corporations, government, journalism and technical writing, non-profit organizations, and many other careers. It gives students a solid basis for many career paths and can be enhanced with multidisciplinary study in related fields. This curriculum specifically prepares the prospective transfer student for upper division coursework in Economics or a similar major at a California State University (CSU) campus. At the baccalaureate level students can continue an education in various areas of Economics including Comparative Economic Systems, Environmental Economics, American Economic History, International Economics, Economic Geography, and many more. Graduate study is important in Economics. Those holding a Master’s or Doctoral degree may find employment in college and university teaching and other educational institutions. Those without a graduate degree will find limited career opportunity in direct areas of Economics. Students should consult a counselor, the Transfer Center and the catalog of the transfer-college or university to plan a specific program of study to meet the college or university’s requirements. Note: Courses that fulfill major requirements for an Associate Degree for Transfer at Cypress College might not be the same as those required for completing the major at all transfer institutions offering a Baccalaureate Degree. The Student Transfer Achievement Reform Act (Senate Bill 1440, now codified in California Education Code sections 66746–66749) guarantees admission to a California State University (CSU) campus for any community college student who completes an “associate degree for transfer”, a newly established variation of the associate degrees traditionally offered at a California community college. Students completing the AA-T are guaranteed admission to the CSU system, but not to a particular campus or major. Students transferring to a CSU campus that does accept the AA-T will be required to complete no more than 60 units after transfer to earn a bachelor’s degree (unless the major is designated “high-unit” major). This degree may not be the best option for students intending to transfer to a particular CSU campus or to a university or college that is not part of the CSU system. To earn an AA-T in Economics students must complete: 1) a minimum of 20–22 semester or 30–33 quarter units in the Economics major with a minimum grade of “C”; (2) California State University General Education Breadth requirements (CSU GE Breadth) or the Intersegmental General Education Transfer Curriculum (CSU IGETC); (3) completion of 60 semester of CSU transferable coursework; and (4) have an overall GPA of 2.0.

<b>Required Core Courses (14 units):</b>		<b>Units</b>
ECON 100 C	Principles of Economics-Macro or	3
ECON 100HC	Honors Principles of Economics	(3)
ECON 105 C	Principles of Economics-Micro or	3
ECON 105HC	Honors Principles of Economics	(3)
MATH 120 C	Introduction to Probability and Statistics	4

**ASSOCIATE IN SCIENCE DEGREE ENERGY AND SUSTAINABLE TECHNOLOGIES Program Code: 1S35037**

The following program is designed to prepare students for employment emerging industry of sustainable energy technologies. Training is given in both theory and practical skills. Directed practical work is given in all areas of energy technology maintenance and repair under simulated on-the-job conditions. The sequence in which courses are taken may be modified to meet individual needs. To earn an Associate Degree students must complete: (1) all major course requirements with a minimum grade of “C”; (2) 25 units of General Education Graduation Requirements; (3) any elective courses to complete a minimum of 60 units; and, (4) have a minimum GPA of 2.0. At least 50% of all major course work must be completed at Cypress College. Courses that fulfill major requirements for an Associate Degree at Cypress College might not be the same as those required for completing the major at a transfer institution offering a Baccalaureate Degree. For information on specific university requirements, please consult with your counselor, or visit the Transfer Center.

<b>Required courses are listed in suggested sequence:</b>		<b>Units</b>
EST 100 C	Renewable and Sustainable Energy	3
EST 110 C	Tools and Safety	2
EST 120 C	Digital Controls and Inverters	2
AC/R 100 C	Principles of Thermodynamics and Heat Transfer	3
AC/R 105 C	Electricity for Air Conditioning and Refrigeration I	3
EST 130 C	Solar Photovoltaics-install	3
	or	
EST 135 C	Solar Concentrators-Hot Water	(3)
EST 140 C	Wind Turbine Drive Trains	3
	or	
EST 145 C	Wind Turbine Power Generation	(3)
EST 150 C	Advanced Geo-thermal Concepts	3
MATH 100 C	Liberal Arts Mathematics	3
PHYS 130 C	Elementary Physics	4
	<b>Total Units</b>	<b>29</b>

**ENGR 201 C Statics 3 Units**

**(C-ID: ENGR 130)**

*Prerequisite: ENGR 110 C, PHYS 221 C, and MATH 150AC with a grade of "C" or higher.*

Term hours: 54 lecture. This course includes the study of properties of forces, moments, couples and resultants; two- and three-dimensional force systems acting on engineering structures in equilibrium; analysis of trusses, and beams; distributed forces, shear and bending moment diagrams, center of gravity, centroids, friction, and area and mass moments of inertia. Optional additional topics include fluid statics, cables, Mohr's circle and virtual work. (CSU) (UC)

**ENGR 210 C Electric Circuits Analysis 5 Units**

**(C-ID ENGR 260, ENGR 260L)**

*Prerequisite: PHYS 222 C and ENGR 110 C, with a grade of C or better.*

*Corequisite: MATH 250BC with a grade of C or better.*

Term hours: 72 lecture and 54 laboratory. The course consists of an introduction to analysis of circuits under steady state and transient conditions. Analysis techniques include nodal analysis, loop analysis, superposition method, Thevenin's Theorem, Norton's Theorem and source transformation. RLC circuits are analyzed under DC, AC – steady state and transient conditions using multiple methods including bode diagrams, Fourier and Laplace transforms. Also consists of an analysis of circuits under steady state and transient conditions; network theorems, RLC circuits analyzed under DC, AC-steady state and transient conditions using multiple methods. (CSU) (UC)

**REVISED**

**ASSOCIATE IN SCIENCE DEGREE**

**PRE-ENGINEERING Program Code: 1S03770**

This Pre-Engineering program is designed to prepare students for junior standing at most CSU and UC institutions. To earn an Associate Degree students must complete: (1) all major course requirements with a minimum grade of "C"; (2) 25 units of General Education Graduation Requirements; (3) the cultural diversity and reading requirements; (4) any elective courses to complete a minimum of 60 units; and, (5) have a minimum GPA of 2.0. At least 50% of all major course work must be completed at Cypress College. Courses that fulfill major requirements for an Associate Degree at Cypress College might not be the same as those required for completing the major at a transfer institution offering a Baccalaureate Degree. For information on specific university requirements, please consult with your counselor, or visit the Transfer Center.

<b>Required Courses are listed in suggested sequence:</b>		<b>Units</b>
MATH 150AC	Calculus I	4
MATH 150BC	Calculus II	4
MATH 250AC	Multivariable Calculus	4
MATH 250BC	Linear Algebra and Differential Equations	5
PHYS 221 C	General Physics I	4
PHYS 222 C	General Physics II	4
PHYS 223 C	General Physics III	4
CHEM 111AC	General Chemistry I	5
ENGR 110 C	Introduction to Engineering	3
ENGR 201 C	Statics	3
ENGR 210 C	Electric Circuits Analysis	5

**List A: Select 2 courses from the following: Units**

ENGR 220 C	Programming and Problem-Solving in MATLAB	3
CHEM 112 C	General Chemistry II for Engineers	4
ENGR 205 C	Advanced 3D Solid Modeling and Simulation	3
ENGR 102 C	Engineering Design Graphics	3
	<b>Total Units</b>	<b>51–52</b>

**ENGR 205 C Advanced 3D Solid Modeling and Simulation 3 Units**

*Prerequisite: ENGR 102 C with a minimum grade of "C". MATH 142 C with a grade of "C" or better.*

Term Hours: 36 lecture and 72 laboratory. Advanced course in Computer Aided Design starting from sketches and proceeding to solid modeling, simulation, animation and motion analysis, creation of bill of material, conversion to stereolithography files and G-codes for rapid prototyping purposes, with emphasis on industrial practice involving component and assembly modeling for actual products. Standards, Tolerances, surface finishes and other attributes of drawings to be addressed with projects involving systems and subsystems. (CSU) (UC)

**ENGR 220 C Programming and Problem-Solving in MATLAB 3 Units**

**(C-ID: ENGR 220)**

*Prerequisite: MATH 150AC with a minimum grade of "C".*

Term hours: 36 lecture and 72 laboratory. This course utilizes the MATLAB environment to provide students with a working knowledge of computer-based problem-solving methods relevant to science and engineering. It introduces the fundamentals of procedural and object-oriented programming, numerical analysis, and data structures. Examples and assignments in the course are drawn from practical applications in engineering, physics, and mathematics. (CSU) (UC)

**REVISED**

**ASSOCIATE IN ARTS  
DEGREE IN ENGLISH FOR  
TRANSFER (AA-T)**

**Program Code: 1A32000**

This curriculum is designed to provide an opportunity for the English major to achieve an Associate in Arts Degree in English for Transfer (AA-T in English) which completes the first and second year requirements for transfer to a four-year public California institution. While at least a baccalaureate degree is recommended preparation for those considering professional careers, completion of this curriculum will demonstrate commitment to the field and provide comprehensive preparation for further academic study through upper-division course work. This degree is designed to prepare students to read and write critically about literature and to understand key historical and generic influences in the production and reception of literature and other cultural texts. This curriculum specifically prepares the prospective transfer student for upper division coursework in English or a similar major at a California State University (CSU) campus. Students should consult a counselor, the Transfer Center and the catalog of the transfer college or university to plan a specific program of study to meet the college or university's requirements. Note: Courses that fulfill major requirements for an Associate Degree for Transfer at Cypress College might not be the same as those required for completing the major at all transfer institutions offering a Baccalaureate Degree. The Student Transfer Achievement Reform Act (Senate Bill 1440, now codified in California Education Code sections 66746–66749) guarantees admission to a California State University (CSU) campus for any community college student who completes an “associate degree for transfer,” a newly established variation of the associate degrees traditionally offered at a California community college. The AA-T is intended for students who plan to complete a bachelor’s degree in a similar major at a CSU campus. Students completing these degrees (AA-T) are guaranteed admission to the CSU system, but not to a particular campus or major. Students transferring to a CSU campus that does accept the AA-T will be required to complete no more than 60 units after transfer to earn a bachelor’s degree (unless the major is designated “high-unit” major). This degree may not be the best option for students intending to transfer to a particular CSU campus or to a university or college that is not part of the CSU system. Students should consult with a counselor when planning to complete the degree for more information on university admission and transfer requirements. The completion of this curriculum will demonstrate commitment to the English field and provide comprehensive preparation for upper-division work. To earn an AA-T in English students must complete the following requirements: (1) a minimum of 19–21 semester units or 28.5–31.5 quarter units in the English major with a minimum grade of “C”; (2) California State University General Education Breadth requirements (CSU GE Breadth) or the Intersegmental General Education Transfer Curriculum (CSU IGETC); (3) completion of 60 semester or 90 quarter units of CSU transferable coursework; and (4) have an overall GPA of 2.0.

<b>Total Units</b>		<b>19–21</b>

**ENGL 310 C Advanced Writing in the Health Sciences 4 Units**

*Prerequisite ENGL 100 C or ENGL 100HC*

Term Hours: 72 lecture. This course provides an overview of writing for students in health sciences. It will include effective workplace/professional writing and critical evaluation of discipline specific texts. The class will also include research writing, grant writing and appropriate documentation skills. This course is designed for science majors. Enrollment limited to those accepted into the baccalaureate degree pilot program.

**ENGL 248 C Science Fiction 3 Units**

*Prerequisite: A minimum grade of "C" in ENGL 100 C or ENGL 100HC*

*Advisory: ENGL 102 C or ENGL 102HC.*

Term hours: 54 lecture. This course is a survey of science fiction and speculative fiction. This course emphasizes the literary, social, economic, cultural and environmental contexts of representative works and traces the development of the genre from early scientific romances and speculative works through current trends. (CSU) (UC) AA GE, CSU GE, IGETC

**REVISED**

**ASSOCIATE IN ARTS DEGREE  
IN AFRICAN-AMERICAN  
STUDIES**

**Program Code: 1A19682**

The Associate in Arts Degree in African-American Studies is designed to provide students with a multi-disciplinary and interdisciplinary examination of the experiences of persons of African descent in the United States. Students will analyze issues pertaining to the African-American community in particular while holistically developing a critical understanding of race, ethnicity, class, and gender in American society. To earn an Associate Degree students must complete: (1) all major course requirements with a minimum grade of "C"; (2) California State University General Education Breadth requirements (CSU GE Breadth) or IGETC general education plan; (3) any elective courses to complete a minimum of 60 units; (4) complete all graduation requirements; and (5) have an overall GPA of 2.0. At least 50% of all major course work must be completed at Cypress College. Students pursuing more than one specified departmental/area major may double count a maximum of 7 units to fulfill major requirements. Courses that fulfill major requirements for an Associate Degree at Cypress College might not be the same as those required for completing the major at a transfer institution offering a Baccalaureate Degree. For information on specific university requirements, please consult with your counselor, or visit the Transfer Center.

**GEOG 230 C Introduction to GIS**

**3 Units**

(C-ID: GEOG 155)

Term hours: 90 lecture. This course will introduce the student to Geographic Information Systems technology and software. Students will be taught how to retrieve and apply data in their chosen business and/or academic area of interest. \$4.00 Materials Fee-Payable at Registration. (CSU) (UC)

**GEOG 232 C GIS: Analysis and Modeling**

**3 Units**

*Prerequisite: GEOG 230 C with a grade of “C” or better.*

Term hours: 36 lecture and 54 laboratory. This course introduces students to advanced topics, techniques, and analysis in Geographic Information Systems (GIS). Students will retrieve and apply data in their chosen business or academic area of interest. \$4.00 Materials Fee-Payable at Registration. (CSU) (UC)

**GEOG 234 C Current Topics in GIS**

**3 Units**

Term hours: 36 lecture and 54 laboratory. This is an advanced lecture/discussion project type course designed to cover current issues and advances in Geographic Information Systems. It is designed for students who have experience in GIS applications and wish to update their knowledge and working skills. A final semester project, utilizing GIS for a project chosen by the student will be required. \$4.00 Material Fee-Payable at Registration. (CSU) (UC)

**NEW**

**HS 361 C Dying/Death and Grief/Mourning**

**3 Units**

*Prerequisite: PSY 101 C or SOC 101 C.*

Term hours: 54 lecture. This course is designed for upper division baccalaureate degree students interested in developing their conceptual frameworks and cognitive theories about death, dying, and grief, and increasing affective development and sensitivity to issues concerning death, dying, and grief. Students will become aware and sensitized to their personal assumptions, biases, attitudes, and reactions to death, dying, and grief, while increasing death competency and lowering death anxiety in order to demonstrate increased sensitivity, awareness, and skills in coping with loss and bereavement, supporting others in their struggle to deal with death issues, and by finding meaning and personal growth through encounters with death, loss, and grief. Enrollment limited to those accepted into the baccalaureate degree pilot program. (CSU)

**REVISED**

**GERONTOLOGY  
CERTIFICATE**

**Program Code: 1C07842**

The Gerontology Certificate Program in Human Services is a collection of interdisciplinary courses that prepare students to bring expertise, intervention skills and understanding about the aging adult to work and to family settings. Older adult development, and adaptive and maladaptive behaviors of the normal aging process are explored. Emphasis will be placed on critical life issues such as health, mental health, care giving, social support, living arrangements, work and retirement, and human service resources. Death and dying, and the ethical issues that often occur during the last years of life will be examined. To earn a certificate, complete the required courses as listed with a minimum grade of “C”. At least 50% of all course work must be completed at Cypress College.

**Required core (12 units) courses are listed in suggested sequence:**

	<b>Units</b>
HUSR 200 C Introduction to Human Services	3
HUSR 275 C Ethical Issues in Human Services	3
HUSR 210 C Introductory Fieldwork	3
SOC 250 C Sociology of Aging	3
or

**ASSOCIATE IN ARTS DEGREE**

**KINESIOLOGY**

**Program Code: 1A03769**

This program is designed to prepare students with a knowledgeable base of physical fitness, health practices, and professional activities for entry into the discipline of physical education/athletics. Further specialization is possible by combining the Associate of Arts Degree with electives chosen from a certificate program in fitness, aquatics, or coaching. A student may also elect to work toward a transfer program preparing for entry to a four-year institution. To earn an Associate Degree students must complete: (1) all major course requirements with a minimum grade of “C”; (2) 25 units of General Education Graduation Requirements; (3) the cultural diversity and reading requirements; (4) any elective courses to complete a minimum of 60 units; and, (5) have a minimum GPA of 2.0. At least 50% of all major course work must be completed at Cypress College. Courses that fulfill major requirements for an Associate Degree at Cypress College might not be the same as those required for completing the major at a transfer institution offering a Baccalaureate Degree. For information on specific university requirements, please consult with your counselor, or visit the Transfer Center.

**ASSOCIATE IN SCIENCE IN PUBLIC HEALTH**

**FOR TRANSFER**

**Program Code: 1S37128**

This curriculum is designed to provide an opportunity for the Public Health major to achieve an Associate in Science in Public Health for Transfer (AS-T in Public Health) which completes the first and second year requirements for transfer to a four-year public California institution. While at least a baccalaureate degree is recommended preparation for those considering professional careers, completion of this curriculum will demonstrate commitment to the field and provide comprehensive preparation for further academic study through upper-division course work. This curriculum specifically prepares the prospective transfer student for upper division coursework in Public Health or a similar major at a California State University (CSU) campus. Students should consult a counselor, the Transfer Center and the catalog of the transfer college or university to plan a specific program of study to meet the college or university's requirements. Note: Courses that fulfill major requirements for an Associate Degree for Transfer at Cypress College might not be the same as those required for completing the major at all transfer institutions offering a Baccalaureate Degree. The Student Transfer Achievement Reform Act (Senate Bill 1440, now codified in California Education Code sections 66746–66749) guarantees admission to a California State University (CSU) campus for any community college student who completes an “associate degree for transfer”, a newly established variation of the associate degrees traditionally offered at a California community college. The AS-T is intended for students who plan to complete a bachelor's degree in a similar major at a CSU campus. Students completing these degrees (AS-T) are guaranteed admission to the CSU system, but not to a particular campus or major. Students transferring to a CSU campus that does accept the AS-T will be required to complete no more than 60 units after transfer to earn a bachelor's degree (unless the major is designated “high-unit” major). This degree may not be the best option for students intending to transfer to a particular CSU campus or to a university or college that is not part of the CSU system. Students should consult with a counselor when planning to complete the degree for more information on university admission and transfer requirements. Students with a degree in Public Health may pursue careers in a variety of health-related professions with employment opportunities in private, state, federal, corporate, and non-profit sector. The completion of this curriculum will demonstrate commitment to the field and provide comprehensive preparation for upper-division work. To earn an AS-T in Public Health students must complete the following requirements: (1) a minimum of 18 semester units or 27 quarter units in the major or area of emphasis as determined by the community college district, (2) earn a grade of C or better in all courses required for the major or area of emphasis, (3) the California State University General Education Breadth requirements (CSU GE-Breadth) or the Intersegmental General Education Transfer Curriculum (IGETC) pattern, (4) 60 semester or 90 quarter CSU-transferable units, and (5) obtainment of a minimum grade point average (GPA) of 2.0.

**KIN 128 C Yoga-Intermediate .5 to 1 Units**

*Advisory: Students should have taken KIN 130 C or demonstrate intermediate yoga practitioners skills.*

Term hours: 27–54 hours activity depending on units attempted. This is an intermediate course in yoga, an integrated study of health. It involves the investigation and practice of breathing techniques, yoga postures (asanas), and meditation and relaxation. Emphasis is on practicing the principles of pranayama (breathing) and deep relaxation to reduce stress, improving concentration, circulation and flexibility, and unifying body, mind and spirit. The asana portion will include intermediate level poses. (CSU) (UC) AA GE, CSU GE

**KIN 129 C Vinyasa Yoga .5 to 1 Units**

Term hours: 27–54 hours activity depending on units attempted. This is a basic course in yoga. It involves the investigation and practice of breathing techniques, yoga postures (asanas), and meditation. Emphasis is on practicing the principles of pranayama (breathing), improving concentration, and unifying body, mind and spirit during vinyasa practice. Pass/No Pass/Letter Grade Option (CSU) (UC) AA GE, CSU GE

**KIN 131 C Restorative Yoga .5 to 1 Units**

Term hours: 27–54 hours activity depending on units attempted. This course explores the relationship between yoga and its connection as one of several holistic methods to manage the mind, body, and spiritual effects of stress. It is designed to promote enhanced performance and function. Its focus is the practice of breathing, relaxation, longer time in asanas, meditation, positive thinking and other related techniques. (UC Credit Limitation/CSU, AA GE, CSU GE)

**KIN 150 C Trail Hiking .5 to 1 Units**

*Advisory: Students should be able to complete a 1.0 mile walk within 20 minutes.*

Term hours: 27–54 hours of activity depending on units attempted. Exploration of scenic trails including the coast, canyons, parks, hills, and open space areas. Trails are off-campus and students must provide their own transportation. Pass/No Pass/Letter Grade Option. (CSU) (UC) AA GE, CSU GE

**KIN 151 C Spinning-Beginning .5 to 1 Units**

Term Hours: 27–54 lab hours depending on units attempted. Spinning is a unique, indoor, group stationary cycling program. This efficient, high-energy group exercise integrates music and cycling in a complete exercise routine. Spinning accommodates everyone's individual needs and abilities. (CSU) (UC) AA GE, CSU GE

**KIN 152 C Spinning-Intermediate .5 to 1 Units**

Term Hours: 27–54 lab hours depending on units attempted. Spinning is a unique, indoor, group stationary cycling program. This efficient, high-energy group exercise integrates music and cycling in a complete exercise routine and is designed for those who have prior experience. Spinning accommodates everyone's individual needs and abilities. (CSU) (UC) AA GE, CSU GE

**NEW**  
**KIN 153 C Spinning – Advanced .5 to 1 Units**

*Advisory: KIN 152 C.*

Pass/No Pass/Letter Grade option.

Term Hours: 27–54 hours lab. This course is a unique, indoor group stationary cycling program. This efficient, high-energy group exercise integrates music and cycling in a complete exercise routine and is designed for those who have at least intermediate experience. Spinning accommodates everyone's individual needs and abilities. (CSU) (UC Credit Limitation) AA GE, CSU GE

**KIN 159 C Fitness Testing and Exercise Prescription 2 Units**

Formerly PE 154 C

*Prerequisite: Physician's clearance required for persons age 35 or over.*

Term hours: 18 lecture and 54 hours activity. This course will evaluate the fitness level of individuals by modern scientific equipment. Based on the results of a battery of tests, an exercise prescription will be developed to meet individual goals. Student progress will be evaluated with post testing. (CSU, AA GE, CSU GE)

**KIN 174 C Pickleball .5 to 1 Units**

Term Hours: 27–54 hours of lab activity depending on units attempted. Development of beginning-level playing and competitive skills in the paddle sport of pickleball. Instruction in the beginning skills, techniques, strategies, along with rules and etiquette. Pickleball features simple rules and is easy to learn. Because beginners can enjoy the sport almost immediately, while advanced players experience it as a fast-paced, highly competitive game, pickleball is suitable for individuals of all ages, fitness levels and athletic abilities. (CSU) (UC) AA GE, CSU GE

**KIN 202 C Intercollegiate Baseball 3 Units**

Formerly PE 202 C

*Prerequisite: Must meet the California Community College Athletics Association (CCCCAA) eligibility requirements and pass a physical examination prior to intercollegiate competition.*

Term hours: 175 activity. This course is designed for the advanced baseball player wanting to participate on the intercollegiate baseball team. In order to participate in intercollegiate athletics, students must meet the CCCC AA eligibility requirements and pass an athletic medical screening. Daily practice is required. May be taken for credit 4 times. (UC Credit Limitation/CSU, AA GE, CSU GE)

**KIN 207 C Intercollegiate Golf-Women 3 Units**

*Prerequisite: Must meet the California Community College Athletics Association (CCCCAA) eligibility requirements and pass a physical examination prior to intercollegiate competition.*

Term hours: 175 activity. This course is designed for the advanced golfer wanting to participate on the intercollegiate golf team. In order to participate in intercollegiate athletics, students must be able to meet the CCCC AA eligibility requirements and pass an athletic medical screening. Daily practice is required. May be taken for credit 4 times. (CSU) (UC) AA GE, CSU GE

**KIN 270 C Nutrition Science and Application** **3 Units**  
(C-ID: NUTR 110)

Term hours: 54 lecture. In addition to the broad overview of the science of nutrition, this course provides information for those interested in sport performance and enhancement. Part of Fitness Specialist Certificate Program. (CSU) (UC) AA GE, CSU GE

**KIN 283 C Women’s Health** **3 Units**

Term Hours: 54 lecture. This course investigates a variety of topics that concern women’s health. These include the effect of lifestyle on health; the role of exercise and nutrition in promoting wellness; risk factors for cardiovascular disease, chronic diseases, and cancer; social influences and work trends that affect women; abusive behaviors, sexual harassment, and substance abuse; sexual and reproductive health; and the aging process. Students analyze theoretical and practical information to make healthy life-style choices. (CSU) (UC) AA GE, CSU GE

**KIN 284 C Contemporary Personal Health** **3 Units**  
(formerly PE 234 C)

(C-ID: PHS 100)  
Term hours: 54 lecture. This course focuses on the exploration of major health issues and behaviors in the various dimensions of health. Emphasis is placed on individual responsibility for personal health and the promotion of informed, positive health behaviors. Topics include nutrition, exercise, weight control, mental health, stress management, violence, substance abuse, reproductive health, disease prevention, aging, healthcare, and environmental hazards and safety. (UC/CSU, AA GE, CSU GE)

**REVISED**

**BUSINESS MANAGEMENT  
CERTIFICATE**

**Program Code: 1C21095**

Primary emphasis is to provide students with the necessary skills to perform the various administrative duties of a manager. The program focuses on management, marketing, law, accounting, economics, and the global environment. To earn a certificate, complete the required courses as listed with a minimum grade of “C”. At least 50% of all course work must be completed at Cypress College.

<b>Required courses are listed in suggested sequence:</b>		<b>Units</b>
MGT 161 C	Introduction to Business	3
CIS 111 C	Computer Information Systems	3
MGT 261 C	Small Business Management	3
MGT 266 C	Human Relations in Business	3

**MATH 250BC Linear Algebra and Differential Equations** **5 Units**

(C-ID: MATH 240)

*Prerequisite: MATH 250AC with a minimum grade of “C” or Calculus III and Analytic Geometry with a grade of “C” or better and the assessment process.*

Term hours: 90 lecture. This course is an introduction to linear algebra and ordinary differential equations. Linear algebra includes matrices, determinants, vector spaces, linear transformations, and characteristic values. Differential equations includes separable, exact, Cauchy-Euler, and nonhomogeneous equations; undetermined coefficients, variation of parameters, systems of differential equations, power series solutions, and Laplace Transforms. Credit by Examination. (UC/CSU, AA GE, CSU GE, IGETC)

**ASSOCIATE IN SCIENCE IN  
FILM, TELEVISION AND  
ELECTRONIC MEDIA FOR TRANSFER  
DEGREE (AS-T)** **Program Code: 1S37219**

The Associate in Science in Film, Television and Electronic Media for Transfer (AS-T in Film, Television and Electronic Media) degree provides a foundation in the field of electronic media with emphasis on content creation using video recording and editing processes. This degree program encompasses video and audio production, editing, and motion graphic courses designed to prepare students for transfer to a four-year college for study in a film and electronic media major. This curriculum is designed to provide an opportunity for the Film, Television and Electronic Media major to achieve an Associate in Science Degree in Film, Television and Electronic Media Transfer (AS-T in Film, Television and Electronic Media) which completes the first and second year requirements for transfer to a four-year public California institution. While at least a baccalaureate degree is recommended, completion of this curriculum will also demonstrate commitment to the field and provide comprehensive preparation for further academic study through upper division course work. This curriculum specifically prepares the prospective transfer student for upper division coursework in Film, Television and Electronic Media or a similar major at a California State University (CSU) campus. Students should consult a counselor, the Transfer Center, and the catalog of the transfer college or university to plan a specific program of study to meet the college or university’s requirements. Note: Courses that fulfill major requirements for an Associate Degree for Transfer at Cypress College might not be the same as those required for completing the major at all transfer institutions offering a Baccalaureate Degree. The Student Transfer Achievement Reform Act (Senate Bill 1440, now codified in California Education Code sections 66746–66749) guarantees admission to a California State University (CSU) campus for any community college student who completes an “associate degree for transfer”, a newly established variation of the associate degrees traditionally offered at a California community college. The Associate in Science for Transfer in Film, Television and Electronic Media is intended for students who plan to complete a bachelor’s degree in a similar major at a CSU campus. Students completing these degrees (AA-T or AS-T) are guaranteed admission to the CSU system, but not to a particular campus or major. Students transferring to a CSU campus that does accept the AA-T or AS-T will be required to complete no more than 60 units after transfer to earn a bachelor’s degree (unless the major is designated “high-unit” major). This degree may not be the best option for students intending to transfer to a particular CSU campus or to a university or college that is not part of the CSU system. Students with an AS-T in Film, Television and Electronic Media may pursue careers in Film, Television, and

Electronic as well as careers in a variety of live action and multimedia industries, including Internet distribution and exhibition and careers in traditional media such as motion picture and television production. To earn an AS-T in J Film, Television and Electronic Media, students must complete: (1) a minimum of 18 semester units or 27 quarter units in the major or area of emphasis as determined by the community college district, (2) earn a grade of C or better in all courses required for the major or area of emphasis, (3) the California State University General Education Breadth requirements (CSU GE-Breadth) or the Intersegmental General Education Transfer Curriculum (IGETC) pattern, (4) 60 semester or 90 quarter CSU-transferable units, and (5) obtainment of a minimum grade point average (GPA) of 2.0.

**COMPUTER GRAPHICS  
CERTIFICATE**

**Program Code: 1C03815**

The computer Graphics program provides the skills necessary to create raster based digital drawings, paintings and illustrations. Emphasis is placed on development of a portfolio for employment and/or advancement. To earn a certificate, complete the required courses as listed with a minimum grade of "C". At least 50% of all course work must be completed at Cypress College.

<b>Required courses are listed in suggested sequence:</b>		<b>Units</b>
ART 120 C	Two-Dimensional Design	3
ART 182 C	Beginning Drawing	3
ART 194 C	Beginning Painting	3
ART 244 C	Illustration	3
MAD 100 C	Introduction to Media Arts Design-Mac	3
	or	
MAD 101 C	Introduction to Media Arts Design-Win	(3)
	or

**MAD 198 C Horror Film Genre 3 Units**

*Advisory: ENGL 060 C.*

Term hours: 54 lecture. This course is an in depth exploration of the Horror Film Genre. Horror films reflect social anxieties, and impact contemporary culture. The course covers the history, technology and productions of the horror film genre along with its influence on culture and other entertainment mediums. The course investigates cinematic techniques employed to create fear in audiences and examines the business of international horror cinema. Students analyze how horror films express character, philosophy, gender, desire, sexuality, and violence in the narrative mise-en-scene. The course investigates the audience's attraction to fear, the history of horror as entertainment and its part in spawning urban myths. (CSU) (UC) **CSU GE**

**MAD 201 C Typography for Media Design 3 Units**

*Advisory: MAD 100 C and MAD 101 C.*

Term hours: 36 lecture and 72 laboratory. This is an intermediate course on typography with emphasis on its use in graphic communication. It includes development of concept development, layout, and presentation skills. Projects include lettering design, layout, and 3D typography. Students are introduced to electronic design techniques both in 2 dimensional and 3 dimensional forms. Materials fees are for materials provided by the department. \$20 Material Fee -- Payable at Registration. (CSU) (UC)

**MAD 203 C Intermediate 2D Animation 3 Units**

*Prerequisite: A minimum grade of "C" in MAD 193 C.*

Term hours: 36 lecture and 72 laboratory TBA. An intermediate level course to 2D animation production including classical character animation and non-traditional techniques. The class will explore traditionally drawn and emerging digital animation techniques and technology. \$20.00 Materials Fee - Payable at Registration. (CSU) (UC)

**MAD 207 C Projection Mapping for Live Entertainment 3 Units**

*Advisory: MAD 101 C, MAD 107 C and MAD 108 C.*

Term hours: 36 lecture and 72 laboratory. This is an intermediate level course focusing on projection mapping a form of motion design using research, 2 dimensional and 3 dimensional software, lighting and color to create dramatic, stylized designs. These designs are to be projected on architectural surfaces during live action entertainment, stage production and concert venues. Primary goal is to provide a clear methodology to generate original, believable and inventive work with the use of relevant computer software. Materials fees are for materials provided by the department. \$20.00 Materials Fee -- Payable at Registration. (CSU) (UC)

**ASSOCIATE IN SCIENCE DEGREE  
MERCHANDISING Program Code: 1S07814**

This curriculum is designed to prepare students for careers in merchandising and retailing, learning the necessary techniques to display and sell merchandise, satisfy customers and enhance business profitability. To earn an Associate Degree students must complete: (1) all major course requirements with a minimum grade of "C"; (2) 25 units of General Education Graduation Requirements; (3) the cultural diversity and reading requirement; (4) any elective courses to complete a minimum of 60 units; and, (5) have a minimum GPA of 2.0. At least 50% of all major course work must be completed at Cypress College. Courses that fulfill major requirements for an Associate degree at Cypress College might not be the same as those required for completing the major at a transfer institution offering a Baccalaureate Degree. For information on specific university requirements, please consult with your counselor, or visit the Transfer Center.

**REVISED**

**ASSOCIATE IN SCIENCE DEGREE  
IN MORTUARY SCIENCE Program Code: 1S03791  
AIMS OF PROGRAM**

The Mortuary Science Program at Cypress College has as its central aim recognition of the importance of funeral service personnel as (1) members of a human services profession, (2) members of the community in which they serve, (3) participants in the relationship between bereaved families and those engaged in the funeral service profession, (4) professionals knowledgeable of and compliant with federal, state, and local regulatory guidelines, as well as (5) professionals sensitive to the responsibility for public health, safety and welfare in caring for human remains.

**PROGRAM OBJECTIVES**

1. To enlarge the background and knowledge of students about the funeral service profession.
2. To educate students in every phase of funeral service, and to help them to develop proficiency and skills necessary for the profession, as defined in the Preamble at the beginning of Chapter 9 of the Manual on Accreditation.
3. To educate students concerning the responsibilities of the funeral service profession to the community at large.
4. To emphasize high standards of ethical conduct.
5. To provide a curriculum at the post secondary level of instruction.
6. To encourage student and faculty research in the field of funeral service; and
7. To qualify students for professional licensure examinations.

**MINIMUM STANDARDS FOR APPLICANTS**

1. Eligibility for admission to Cypress College.
2. Official High school transcript, GED test with an average score of 450 on the five-test battery, or high school proficiency examination.
3. Present evidence of good physical and mental health.
4. Completion of College Writing (ENGL 100 C) with the grade of “C” or better.
5. Completion of college Anatomy and Physiology (BIOL 210 C) or General Human Anatomy (BIOL 231 C) with a grade of “C” or better within the most recent 5 year time period prior to program application.
6. Completion of Intermediate Algebra (MATH 40 C) or higher with a grade of “C” or better.
7. A minimum GPA of 2.0 in all college courses attempted

**APPLICATION PROCEDURES**

1. In addition to the Cypress College application form, a separate application is required for admission into the Mortuary Science Program. Applications must be completed online. Please see the Health Science Application link on the Mortuary Science home page.
2. A total of 30 new students are selected each spring and fall semester. Applicants may exceed the available seat space.
3. Applicants must submit signature page in person or by US mail. Please bring photo ID; Official high school transcripts, GED or high School Proficiency sent directly from the institution you attended; Official college transcripts (except Cypress and Fullerton Colleges) sent directly from the institution you attended.
4. All Official transcripts are required (high school and college)

**SELECTION PROCEDURES**

Students will be selected using a point system based on the number of general education/graduation courses completed at the time of application and the date of completed application.

**ASSOCIATE IN SCIENCE DEGREE MORTUARY SCIENCE**

**Program Code: 1S03791**

This program is a course of study designed for students who wish to prepare for a career and employment as an embalmer/funeral director in a mortuary and to prepare the student for state licensure where statutory law requires successful completion of the Associate in Science Degree in Mortuary Science and compliance with statutory pre-mortuary science educational requirements. The Mortuary Science degree program at Cypress College is accredited by the American Board of Funeral Service Education (ABFSE), 992 Mantua Pike, Suite 108, Woodbury Heights, NJ 08097, (816) 233-3747, www.abfse.org and meets the mortuary science or funeral service educational requirements for most states. The ABFSE is an agency recognized by the U.S. Department of Education. Scholarship and general program information can be found on the ABFSE’s website. The National Board Examination is written and governed by the International Conference of Funeral Service Examining Boards, Inc. (ICFSEB), Fayetteville, AR, 73707 (888) 222-2737, www.theconferenceonline.org; Study guide and preparatory information can be found on the Conference’s website. Eligibility to write the licensure examination in some states may be contingent upon compliance with additional statutory requirements. Please consult the department for more specific information, or, for further information, contact a Health Science Counselor (714) 484-7270. To earn the Associate in Science Degree in Mortuary Science, students must complete: (1) all major course requirements with a minimum grade of “C”; (2) 25 units of General Education Graduation Requirements; (3) take the National Board Examination (students need to submit National Board Examination results to Admissions and Records for the semester the student is applying); (4) the cultural diversity and reading requirements; (5) any elective courses to complete a minimum of 60 units; and, (6) have a minimum GPA of 2.0 in all college level courses attempted and at least 50% of all major course work must be completed at Cypress College. To be eligible to write the National Board Examination, the student must be completing the Associate in Science Degree in Mortuary Science. National Board Examination (NBE) pass rates, graduation rates and employment rates for this and other ABFSE-accredited programs are available at www.abfse.org. To request a printed copy of this program’s rates, go the Mortuary Science Department Office, TE 3 Building, Room 215 or you may visit the Mortuary Science Department website to make the request. www.CypressCollege.edu/ms. Or you may email the Mortuary Science Department (mortsci@CypressCollege.edu) or call the Mortuary Science Department at (714) 484-7278.

**MORT 281 C Funeral Service Practicum 4 to 12 Units**

*Prerequisite: Completion of or concurrent enrollment in MORT 201 C.*  
 Term hours: 18 lecture and 162–594 laboratory. This course provides practical experience in embalming, funeral directing, cemetery operations, and crematory operations in a mortuary/funeral home, cemetery or crematory environment under the supervision of a licensed funeral service practitioner. It includes active participation in planning and directing of ten or more funerals. It is to be taken only after all other MORT courses have been passed, except co-requisite(s), and is to be taken in the semester prior to graduation. (CSU)

**NEW PHIL 400 C Business Ethics 3 Units**

*Prerequisite: Completion of ENGL 100 C or ENGL 100HC with a grade of “C” or better.*  
*Advisory: Completion of PHIL 160 C.*  
 Term hours: 54 lecture. This is an upper division intensive writing course intended for students enrolled in an approved Baccalaureate Degree Pilot Program. This course is a critical and reflective exploration of ethical priorities and moral issues in the business world. It is designed to enable students to become more aware of, and skilled at, managing the many ethical dilemmas that they will face while being employed in a business organization (as well as in other types of organizations). Emphasis on issues surrounding the concepts of duty, rights, autonomy, justice, and regulation of business, as well as the potential conflict between personal moral values and business priorities, corporate social responsibility and the public good, together with extended reflections on the relationship between moral responsibility and the professions (drawing from specific fields). This course is intended strictly as a part of the Bachelor in Science degree program.

**REVISED**

**ASSOCIATE IN ARTS DEGREE PHOTOGRAPHY Program Code: 1A03782**

This program is designed to prepare students for entry into occupational photographic fields. A student may also elect to work toward a transfer into a four-year institution, in the field of Fine Arts. To earn an Associate Degree students must complete: (1) all major course requirements with a minimum grade of “C”; (2) 25 units of General Education Graduation Requirements; (3) the cultural diversity and reading requirements; (4) any elective courses to complete a minimum of 60 units; and, (5) have a minimum GPA of 2.0. At least 50% of all major course work must be completed at Cypress College. Courses that fulfill major requirements for an Associate Degree at Cypress College might not be the same as those required for completing the major at a transfer institution offering a Baccalaureate Degree. **PHOT 109 C Portrait Photography 3 Units**

*Advisory: PHOT 103 C.*

Term hours: 36 lecture and 54 laboratory. This course is designed to give the student a working knowledge of portrait styles and techniques. The student will practice techniques for photographing people in a studio and on location situation. The student will work with both natural and artificial lighting and learn the possibilities and limitations of both. Emphasis will be placed on lighting styles and patterns, as well as working with people in front of the camera. Students will have an opportunity to investigate and imitate the styles of well-known portrait photographers. \$20.00 Material Fee-Payable at Registration. (CSU) (UC)

**PHOT 203 C Studio Lighting Techniques 3 Units**

*Advisory: PHOT 103 C.*

Term hours: 36 lecture and 72 laboratory. This course acquaints the student with lighting and studio techniques as commonly used in professional photographic applications. The emphasis will be on light and the use of lighting equipment in a photography studio. \$20.00 Material Fee-Payable at Registration. (CSU) (UC)

**PHOT 204 C History of Photography 3 Units**

*Advisory: PHOT 103 C.*

Term hours: 36 lecture and 54 laboratory. This is a lecture/lab course on the history of photography that is designed to give students a practical knowledge of the development of the medium through a combination of lecture and hands-on technical and aesthetic experiences utilizing early photographic techniques and processes. The course will emphasize the invention and development of photography from its inception in the early 1800's through 1970. \$35 Material Fee-Payable at Registration. (CSU) (UC) CSU GE

**PHOT 277 C Food Photography 3 Units**

*Advisory: PHOT 101, PHOT 103 C and PHOT 201 C.*

Term hours: 36 lecture and 72 laboratory. This advanced course is designed to prepare students for a career in professional food photography. It focuses on building the technical and creative photographic skills necessary to successfully photograph food for advertising purposes. The course is composed of lectures, demos, lab time and outside assignments which will prepare the students for advanced application in this field of photography. \$45.00 Materials Fee - Payable at Registration. (CSU) (UC)

**NEW**

**RECREATION ASSISTANT  
CERTIFICATE**

**Program Code: 1C37194**

Program Description: Primary emphasis is to prepare the student for introductory level of recreation and leisure occupational opportunities. All students must complete at least 18 units. Course work in KIN 235 C may be waived with current Red Cross cards in First Aid and CPR at the discretion of the division. To earn a certificate, complete the required courses as listed with a minimum grade of “C”. At least 50% of all course work must be completed at Cypress College.

<b>Required coursework: (15 units)</b>		<b>Units</b>
REC 100 C	Foundations of Recreation and Leisure Services	3
REC 102 C	Recreation Leadership and Diverse Groups	3
REC 106 C	Outdoor Recreation and Camp Counseling	3
or		
REC 107 C	Recreation for Special Groups	(3)
KIN 235 C	First Aid, CPR and Emergencies	3
KIN 247 C	Sports Management	3

<b>Choose 3 units from the following list of courses:</b>		<b>Units</b>

<b>Total Units</b>		<b>18</b>

**REC 102 C Recreation Leadership and Diverse Groups 3 Units**

Term hours: 54 lecture. This course covers the application and development of leadership skills in the recreation setting. Emphasis on applicable leadership techniques including working with groups consisting of representatives from diverse populations such as those with disabilities or special needs, cultural and social differences, and diversity of all ages. This course is part of Recreation Assistant Certification. (UC/CSU) CUL DIV

**REC 103 C Organized Fall Sports Activity-Recreation 2 Units**

Term hours: 18 lecture and 54 laboratory. This course is a survey of basic terminology and skills of fall sports. The basic techniques of teaching, organizing, and promoting interest in individual and team fall sports are included. Students will be involved in organizing and promoting the college intramural sports program. (CSU)

**REC 104 C Organized Spring Sports Activity-Recreation 2 Units**

Term hours: 18 lecture and 54 laboratory. This course is a survey of basic terminology and skills of spring sports. The basic techniques of teaching, organizing, and promoting interest in individual and team spring sports are included. Students will be involved in organizing and promoting the college intramural sports program. (CSU)

**REC 107 C Recreation for Special Groups 3 Units**

Term hours: 54 lecture. This class is an introduction to the relationship of recreation and special groups (i.e. adolescent, older adults, individuals with intellectual and physical disabilities). The course will emphasize social development and how to integrate special groups into recreation programs with adoption of all forms of recreation. (CSU)

**NEW**

**ASSOCIATE IN ARTS IN SPANISH FOR TRANSFER Program Code: 1A37312**

This curriculum is designed to provide an opportunity for the Spanish major to achieve an Associate in Arts Degree in Spanish for Transfer (AA-T in Spanish) which completes the first and second year requirements for transfer to a four-year public California institution. While at least a baccalaureate degree is recommended preparation for those considering professional careers, completion of this curriculum will demonstrate commitment to the field and provide comprehensive preparation for further academic study through upper-division course work. This curriculum specifically prepares the prospective transfer student for upper division coursework in Spanish or a similar major at a California State University (CSU) campus. The Student Transfer Achievement Reform Act (Senate Bill 1440, now codified in California Education Code sections 66746–66749) guarantees admission to a California State University (CSU) campus for any community college student who completes an “associate degree for transfer,” a newly established variation of the associate degrees traditionally offered at a California community college. The AA-T is intended for students who plan to complete a bachelor’s degree in a similar major at a CSU campus. Students completing these degrees (AA-T) are guaranteed admission to the CSU system, but not to a particular campus or major. Students transferring to a CSU campus that does accept the AA-T will be required to complete no more than 60 units after transfer to earn a bachelor’s degree (unless the major is designated “high-unit” major). Students should meet with a counselor regularly to discuss the best option for them. This AA-T in Spanish is designed to provide the student with a fundamental understanding and acquisition of knowledge in the Spanish discipline. The AA-T in Spanish includes (1) the development of reading skills in order to comprehend and interpret social, cultural, and literary authentic texts; (2) the development of speaking skills in order to discuss social, cultural, and literary topics; and (3) the development of writing skills in order to write analytically on professional, academic, and societal issues. The curriculum includes courses in first and second year Spanish, Chicano Studies, and Latin American History. Given the ever-increasing Latino population in California and nation-wide, fluency in Spanish has value in a number of fields, such as customer service, marketing, and public relations. Those who pursue degrees in Spanish can pursue K–12 and college level teaching as career. To earn an AA-T in Spanish students must complete: (1) A minimum of 20–23 semester units or 30–34.5 quarter units in the Spanish major with a minimum grade of “C”; (2) California State University General Education Breadth requirements (CSU GE Breadth) or the Intersegmental/General Education Transfer Curriculum (CSU IGETC); (3) Completion of 60 semester or 90 quarter units of CSU transferable coursework; and (4) have an overall GPA of 2.0

**Required Core Courses:**

<b>Non-Native Speakers Core (18 units):</b>		<b>Units</b>
SPAN 101 C	Elementary Spanish I	5
SPAN 102 C	Elementary Spanish II	5
SPAN 203 C	Intermediate Spanish III	4
SPAN 204 C	Intermediate Spanish IV	4

**Native Speakers Core (10 units, plus 2 courses from substitution course list or List A below for a minimum of 16 core units):**

		<b>Units</b>
SPAN 201 C	Spanish for Spanish Speakers I	5
SPAN 202 C	Spanish for Spanish Speakers II	5

**Note: If the Spanish faculty assess a student as placing out of a Core Course, a substitute course from the CSU Transferable list below, or List A, can be used to meet the core minimum unit requirement.**

**ASSOCIATE IN ARTS IN THEATER ARTS FOR TRANSFER DEGREE (AA-T)**

**Program Code: 1A32187**

This curriculum is designed to provide an opportunity for the Theater major to achieve an Associate in Arts in Theater for Transfer (AA-T in Theater) which completes the first and second year requirements for transfer to a four-year public California institution. While at least a baccalaureate degree is recommended preparation for those considering professional careers, completion of this curriculum will demonstrate commitment to the field and provide comprehensive preparation for further academic study through upper-division course work. The study of theater combines a critical study of theater with experiential practice in one or more of its component parts. Students explore the various areas of theater to build a foundation for future creative work. This curriculum specifically prepares the prospective transfer student for upper division coursework in Theater or a similar major at a California State University (CSU) campus. Students should consult a counselor, the Transfer Center and the catalog of the transfer college or university to plan a specific program of study to meet the college or university's requirements. Note: Courses that fulfill major requirements for an Associate Degree for Transfer at Cypress College might not be the same as those required for completing the major at all transfer institutions offering a Baccalaureate Degree. The Student Transfer Achievement Reform Act (Senate Bill 1440, now codified in California Education Code sections 66746–66749) guarantees admission to a California State University (CSU) campus for any community college student who completes an “associate degree for transfer,” a newly established variation of the associate degrees traditionally offered at a California community college. The AA-T is intended for students who plan to complete a bachelor’s degree in a similar major at a CSU campus. Students completing these degrees (AA-T) are guaranteed admission to the CSU system, but not to a particular campus or major. Students transferring to a CSU campus that does accept the AA-T will be required to complete no more than 60 units after transfer to earn a bachelor’s degree (unless the major is designated “high-unit” major). This degree may not be the best option for students intending to transfer to a particular CSU campus or to a university or college that is not part of the CSU system. Students should consult with a counselor when planning to complete the degree for more information on university admission and transfer requirements. The completion of this curriculum will demonstrate commitment to the Theater field and provide comprehensive preparation for upper-division work. To earn an AA-T in Theater students must complete the following requirements: (1) a minimum of 18 semester units or 27 quarter units in the Theater major with a minimum grade of “C”; (2) California State University General Education Breadth requirements (CSU GE Breadth) or the Intersegmental General Education Transfer Curriculum (CSU IGETC); (3) completion of 60 semester or 90 quarter units of CSU transferable coursework; and (4) have an overall GPA of 2.0.

<b>Required Core: Select 3 courses from the following (9 units):</b>		<b>Units</b>
THEA 100 C	Introduction to the Theater	3
	or	
THEA 102 C	World Theater History I	(3)
THEA 120 C	Acting I	3
THEA 132 C	Musical Theater Performance I	3
	or	
THEA 133 C	Rehearsal Performance I	(3)

**List A: Select 3 courses from the following (9 units).**

**Please note if a student does not take THEA 132 C or THEA 133 C for the required core, one of these courses may be completed for these required 9 units, or a minimum of two Stage Crew courses may be completed for a total of 3 units only. (EX: 1 course taken at 1 unit and the second course taken at 2 units.)**

	<b>Units</b>
THEA 101 C	Play Analysis 3
THEA 124 C	Acting II 3

**ASSOCIATE IN SCIENCE DEGREE THEATER ARTS PRODUCTION**

**Program Code: 1S37193**

This program is designed to prepare the student with a fundamental understanding and acquisition of knowledge in the theater arts discipline with an emphasis on production through set design, construction and costuming with attention to stagecraft, function, and esthetics. To earn an Associate Degree students must complete: (1) all major course requirements with a minimum grade of “C”; (2) 25 units of General Education Graduation Requirements; (3) cultural diversity and reading requirements; (4) any elective courses to complete a minimum of 60 units; and, (5) have a minimum GPA of 2.0. At least 50% of all major course work must be completed at Cypress College. Courses that fulfill major requirements for an Associate Degree at Cypress College might not be the same as those required for completing the major at a transfer institution offering a Baccalaureate Degree. For information on specific university requirements, please consult with your counselor, or visit the Transfer Center.

<b>Required nine (9) units from the following Theater courses.</b>		<b>Units</b>
