Sexual Misconduct and Sexual Harassment

Both Anaheim Campus and Cypress College strive to preserve a respectful, safe, and non-threatening environment for its students, faculty staff, and visitors

Violators may be subject to sanctions under the student code of conduct (B.P. 5500), disciplinary action, and /or criminal prosecution under California law.

GENERAL STATEMENT OF PROHIBITION

North Orange County Community College District prohibits sexual discrimination, sexual misconduct, and other forms of violence, including but not limited to sexual assault, sexual violence, sexual harassment, sexual exploitation, stalking, dating and domestic violence.

The District also prohibits retaliation against a person who reports sexual harassment or sexual violence, assists someone with a report of sexual harassment or sexual violence, or participates in any manner in an investigation or resolution of a sexual harassment or sexual violence report. Retaliation includes threats, intimidation, reprisals, and/or adverse actions related to employment or education.

What is Sexual Violence?

Sexual violence is any sex act committed without consent, by one person against another person regardless of his or her gender or sexual orientation. This may include using force, intimidation or coercion to make the person participate in the act. Examples include: but are not limited to Rape, Sexual Battery, Forcible Sodomy; Sexual Assault with an object, Sexual Harassment, and Sexual Exploitation.

What is Consent ?

- Consent occurs when the involved parties agree to participate in any sexual activity or behavior.
- Consent must be present throughout the sexual activity.
- Silence and/or saying no for any act, at any time, is not consent.
- A person who is **drunk, intoxicated, under the influence of any substance and/or is mentally incapable of making decisions**, cannot give consent.

Ask yourself these questions:

1. Is my partner or friend sober and able to agree to have sex?
2. Is my partner or friend awake, alert, or capable of agreeing to have sex?
3. Do we (both parties) agree about the decision to have sex?

Tips for Prevention

- **Be aware** of your surroundings. Knowing where you are and who is around you may help you to find a way to get out of a bad situation.
- **Make sure your cell phone is with you**, and charged and program the Campus Safety /Police contact numbers in your phone on speed dial.
- **Don't allow yourself to be isolated** with someone you don't trust or someone you don't know.
- **Avoid putting music headphones in both ears** so that you can be more aware of your surroundings, especially if you are walking alone.
- **Call for a safety escort from Campus Safety at (714) 484-7387, if necessary**
- **Use the Emergency telephones if you need assistance on campus.**
- **Have a code word with your friends or family** so that if you don't feel comfortable you can call them and communicate your discomfort without the person you are with knowing. Your friends or family can then come to get you or make up an excuse for you to leave.
- **Think of a safety plan / escape route.** Where are the doors and exits? Are there people around who might be able to help you? Is there an emergency phone nearby?
- **If you and/or the other person have been drinking**, you can say that you would rather wait until you both have your full judgment before doing anything you may regret later.

CONSENT IS SAYING YES.
