**Chair Report**

Mark explained that until the March 27 deadline for submitting Curriculum has passed, there will be no requests considered for extensions. Exceptions should be critical items only and should follow the criteria that have been established. Mark will email the committee the protocol for late submissions and ask for members to review and respond with their thoughts on the document. The revised Curriculum cycle expedites the State Chancellors office and catalog deadlines.

**Online CCC Course Outline Resource - <http://ciac.csusb.edu/outlines.html>**

Jennie displayed the website link listed and explained the useful resource it provides. An example of a Bakersfield course outline was reviewed.

**Seminar and Independent Study courses**

Mark informed the committee that since the guidelines regarding Seminars and Independent Study courses are not clear yet, we should not send revisions through at this time. The two courses submitted last year have come back from the State not approved.

**Other**

**Curriculum Rep rotation**

Nicole Ledesma will be the new SEM Rep in the fall. Language Arts and Physical Education Reps are also ending their terms and no one has been selected yet for the next term.
