52 Years of Student Success

Cypress College opened in 1966. Over these 52 years, Cypress has emerged as one of California's premier community colleges, ranked #1 in California (by Niche) out of 114 campuses. Last year, Cypress began presenting Bachelor's Degrees to students in the Mortuary Science Program. Cypress is one of only 15 community colleges in California certified to offer the Bachelor's Degree. The Cypress College Foundation plays a key role in the College's success, raising and distributing over \$350,000 in student scholarships, emergency assistance, textbook grants and loans. The Foundation also funds faculty grants and other programs.
