

## Associate Degrees for Transfer Awarded in Academic Year 2018-19 July 2020

### Background

In Fall 2012, California Community Colleges began offering associate degrees for transfer (ADT) to the California State University (CSU) system. The two transfer degrees, the Associate in Arts (AA-T) and the Associate in Science (AS-T), were designed to provide clear pathways to transfer and baccalaureate degrees. For 2018-19, the ADT program was expanded to include guaranteed admission with junior standing somewhere in the CSU system, at Historically Black Colleges and Universities, Western Governors University and at participating independent, non-profit universities in California for students graduating with an ADT. Transfers for 2018-19 graduates were expected to have been slightly impacted by COVID-19, with transfer rates expected to decrease.

### Results

Within the 2018-19 academic year, Cypress College awarded 746 transfer degrees, including AA-T's (57.5%,  $n = 429$ ) and AS-T's (42.5%,  $n = 317$ ) to 698 students. The top three majors for transfer degrees were Business Administration ( $n = 227$ ), Psychology ( $n = 141$ ), and Sociology ( $n = 53$ ). NSC successfully matched and tracked 98.4% of these graduates. Approximately 82.7% ( $n = 568$ ) of transfer degree recipients transferred to four-year institutions (see Figures 1 - 2). Students commonly enrolled at California State University, Fullerton ( $n = 266$ ) or California State University, Long Beach ( $n = 149$ ) after transferring. Represented in the following charts are more detailed and disaggregated data on ADT degrees.

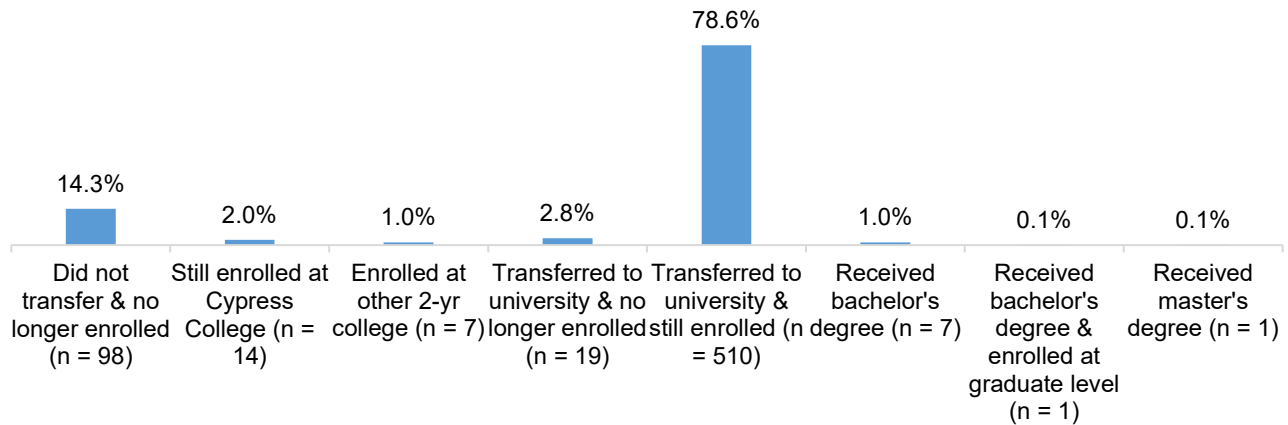

Figure 1. Transfer status of students who graduated during 2018-19

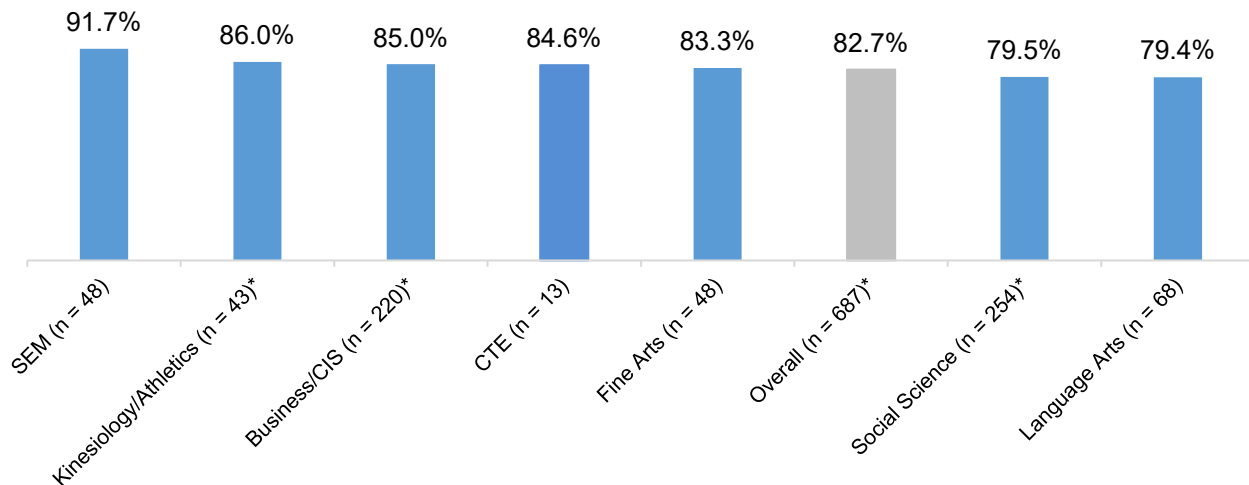

Figure 2. Transfer status of students by division
