Accreditation Team on Campus March 15-17

The 11-member team will review documents and meet with faculty, staff and administrators in considering reaffirmation of accreditation.

The accrediting team will officially begin its visit next Tuesday, March 15, at 8 a.m., although team members will be on campus Monday afternoon to review documents. Each team member will be wearing an identification card so that they will be easy to recognize.

During their visit they will meet with a number of individuals and groups. They will also visit classes although they will probably stay for only a short time. If a team member should visit your class, it is not necessary to introduce them or do anything different than you would normally do.

There will be two open forums at which time anyone on campus, including students, can share thoughts and concerns with the team. One forum will be on Tuesday, March 15, noon–2 p.m. in Wilson Conference Room; the other will be on Wednesday, March 16, 5:30–6:30 p.m., also in WCR.

Everyone on campus is invited to hear the team’s exit report, scheduled on Thursday, March 17, 2–3 p.m. in H-131. All members of the campus community are strongly encouraged to attend this meeting as a large audience indicates there is general college-wide interest in the recommendations that the team will give us.

The college’s full Institutional Self Study in Support of Reaffirmation of Accreditation is available for review on the college Web site. Copies are also available in division and other administrative offices, as well as in the Library.

A photographic listing of the members of the accrediting team is available on the college’s Web site.

Americana Awards Banquet Raises Net Proceeds in Excess of $100,000

The Foundation’s net income from the 30th Annual Americana Awards at the Grand Ballroom at the Disneyland Hotel on Saturday, February 26, will exceed $100,000. An online eBay auction, still in progress this week, will help determine the final proceeds from the event.

Americana Awards were presented to Man of the Year Bill Wood, Distinguished Business Partner Knott’s Berry Farm and all the past Citizens of the Year recipients.

The Foundation event, Cypress College’s largest fundraiser, also featured live and silent auctions, music provided by Knott’s, a four-course meal, and much more. This event raises money for scholarships and campus projects that wouldn’t otherwise be funded.

A photo and video gallery is available on the campus Web site.
**CHARGERS**

The women’s basketball team has qualified for their first state tournament appearance since 1994 with a 75-66 win on March 5 over defending state champion Mt. San Antonio College in Walnut. The victory by Cypress (25-5) also set a school record for wins in a season. The Lady Chargers open the state tournament, held March 11-13 at the University of San Diego, with a quarter-final contest Friday, March 11, against San Joaquin Delta College at 1 p.m. With a win, the Chargers would play again on Saturday at 5 p.m. in the semifinals. The championship game is scheduled for Sunday at 3:30 p.m. A webcast is available for all games.

Sophomore midfielders Beth Wagenhoffer and Kristy Miller, of the 2004 state champion Cypress College women’s soccer team, have signed letters of intent with Indiana State University in Terre Haute. Wagenhoffer scored 13 goals and had 21 assists for the season, and earned NSCAA All-America recognition. She also was the co-MVP of the state tournament, and a first team Orange Empire Conference all-star.

Miller, a second team conference selection, recorded five assists during the Chargers’ 22-1-1 campaign.

---

**‘1/2 – Semester’ Classes Begin the Week of March 28**

The second set of “1/2 Semester” classes begins the week of March 28. Registration is now underway.

For students already enrolled, these nine-week courses are an opportunity to pick up an extra class and complete a full-semester course in a compressed format.

The accelerated courses range from accounting to marketing, and from art to Web design. Many of the 83 classes provide transfer credit for our students who plan to transfer to universities.

In addition to accelerating graduation for our students and those at a university, several of the courses are ideal for those hoping to enhance job skills or enrich their lives.

Many of the closed classes have expanded seat availability and are now open for additional enrollment.

Flyers and complete “1/2-Semester” course listings are being sent to each division office and will be available in various student services areas, including Admissions and Records. Students, and potential students, can call the Admissions and Records Office for more information at (714) 484-7346.

The schedule is available on the campus Web site, www.cypresscollege.edu.

---

**Hate Crime Awareness Forum Scheduled for Tuesday, March 15**

A Hate Crime Awareness Forum will be held on Tuesday, March 15, from 11 a.m.-1 p.m., in the Cypress College campus theater.

The forum will cover a contemporary analysis on how hate impacts the community. It will provide an overview of what constitutes a hate crime, include a short film, and provide a Q&A session with two panels: one comprised of a sampling of Cypress College students and the other comprised of community representatives: Paul Chriopoulos, Orange County District Attorney; Rene Castro, The National Conference for Community and Justice (NCCJ); Ra’id Faraj, Public Relations Director of the Council on American-Islamic Relations (CAIR); Marcia Clarke, Vice President of the Gay and Lesbian Association of District Employees (GLADE); Shirley Smith, Director of Campus Safety at Cypress College; Cindy Vyskocil, Director of Equity and Diversity.

The forum is being facilitated by Randa Wåhbe, faculty member in Language Arts, under the auspices of the Campus Diversity Committee and in conjunction with the Orange County Human Relations Commission, The National Conference for Community & Justice (NCCJ) and the Council on American-Islamic Relations.

For additional information, please contact Randa Wåhbe at ext. 47171.

---

A new water line is being brought in from Holder Avenue for the water project that’s underway. It is part of the infrastructure to support our new buildings. Trenching has begun by the new L/LRC for the fire hydrants needed for the building.

The contractors are ahead of schedule and will be cutting across Circle Drive this Friday. There will always be one lane open for traffic and the cut will occur near lot 6.

Also on Friday a concrete pour is scheduled for the new elevator being built outside of the Library/Admin Building. Scaffolding has been erected in front of the building. There will be a walkway to get by in front of the building on Friday, but it will be busy.

Future projects that have an impact: To make way for the new Student Center, part of the piazza will be demolished beginning in mid-May. The Student Center will begin construction in July. This will have a definite impact on our ability to cross the campus from north to south.

---

**BRIEFLY**

After 35 years at Cypress College, Don Tyrrell is retiring. In lieu of a retirement party a book fund has been established in his name for Business students.

Donations can be sent to Aggie Martinez or Jean England in Business Counseling. Please make checks payable to the Cypress College Foundation.

For additional information, please call ext. 47213.

Nine years ago, the Cypress College Foundation initiated the “Alumnus of the Year” Award in celebration of the college’s 30th anniversary.

The award, presented at graduation, serves as recognition for the personal/professional achievements of our alumni and their contributions to society.

The process of selecting this year’s recipient has begun, and nominations of candidates for this distinction are due to the Foundation Office by Tuesday, March 15. (The more information provided, the greater the chances of the nominee being selected.)

The Black Student Union is hosting an Apollo Night on Friday, March 18, from 7 to 9 p.m., in FA–304. Tickets are available for $5 each.

---

For nearly a half-million students, Cypress College has been a springboard to their dreams. Come to Cypress College and Go Places!

## Cypress College Summer 2005 Program

Cypress College will offer a robust summer program for 2005. Information and a class schedule will be available before the end of March. To assist with planning, here are the starting and ending dates for summer classes:

- **June 6 through July 7, 5 weeks**
- **June 6 through July 13, 6 weeks**
- **July 11 through August 10, 5 weeks**
- **July 11 through August 16, 6 weeks**

Although every effort has been made to be sure that this list is complete and up to date, it is best to login to WebStar to verify availability and to enroll. Course offerings are subject to change. If a class appears to be full, please check with the instructor or division office.

Accreditation Team on Campus March 15-17

The 11-member team will review documents and meet with faculty, staff and administrators in considering reaffirmation of accreditation.

The 11-member accreditation team that will consider the college’s reaffirmation of accreditation is scheduled to be on campus from March 15-17.

The team consists of faculty and administrators from other institutions in the state.

Accreditation team members will work from the Staff Conference Center while on campus. In that location, they will be reviewing documents and minutes of meetings, as well as interviewing some faculty, staff, students and administrators.

Additionally, they will be observing some meetings while on campus and visiting classes.

Because members of the team will be popping in to several classes while they are here, each will be wearing a name badge that will identify them as a member of the accreditation team.

As the visit comes to a close, the team will hold an exit interview. That session has been scheduled for Thursday, March 17, beginning at 2 p.m. The location will be determined at a later time.

All members of the campus community are encouraged to attend the exit interview.

Cypress College is accredited by the Accrediting Commission for Community and Junior Colleges of the Western Association of Schools and Colleges.

Members of the accreditation site visit team are charged with the responsibility of reviewing our processes presented in the college’s Institutional Self Study report on behalf of the Accrediting Commission.

The college’s full Institutional Self Study in Support of Reaffirmation of Accreditation is available on the campus Web site for review.

For nearly a half-million people, Cypress College has been a springboard to their dreams. For some, Cypress College is the ticket into their university of choice and for others it provides essential training for a rewarding career.

Just one Cypress College class is often all it takes to provide cutting-edge skills that lead to a promotion or a new job.

~ Southern California University of Health Sciences ~ College of Oceaneering ~

And more...
Statistics for Thought Exercise

Ideally this exercise would be delivered just a few minutes prior to walking over to the Hate Crime Forum on March 15, 2005, in the Theater. The answers are attached for the teacher’s reference and knowledge; however, they should not be shared with the students who will be attending the forum. The answers will be displayed on the Theater screen as students come into the Forum and are seated.

Exercise Time: 10 minutes
Materials: Paper, Writing Utensil

PLEASE REMEMBER:
This is a silent exercise for the students. The teacher should read through each statement/question and have the students write down their answers on a sheet of paper. This exercise focuses on global, national, state, county and campus statistics. During the forum more hate crime related statistics will be discussed.

1. What is the world population to date?
2. What are the top three languages spoken in the world?
3. What is the continent with the most people?
4. How many people live in the United States?
5. What is the population of California?
6. What is the male to female ratio in the state of California?
7. What percentage of the Orange County population is under age 14?
8. What is the population of Orange County?
9. How many cities are there in Orange County?
10. How many people live in the City of Cypress?
11. What is the population of the Cypress College Campus?
12. What is the male to female ratio on the Cypress College Campus?
13. What is your estimation of the Ethnic Diversity on the Cypress College Campus?

American Indian/Eskimo= Hispanic=
Asian/Pacific Islander= Filipino=
Black/African American= Other=
White; Non-Hispanic= Declined/Unknown=

This exercise was created by:
The National Conference for Community and Justice (NCCJ) Orange County Region
Debrief (to be done during the next class session)

Approximately: 5-10 minutes

Teachers are encouraged to debrief the exercise and the forum. What answers surprised you? What answers did you get correct? What answers did you think you knew but were different from what you expected?

Hopefully, through discussion of the statistics there will be an opportunity to discuss the forum as well. Encourage students to visit the college website to look at more detailed diversity statistics about their campus:

http://www.cypresscollege.edu/welcome.php

Thank you for participating!!

Upcoming Exhibitions

SPRING 2005

Laguna’s Hidden Treasures: Art from Private Collections
March 13-July 10, 2005
Main Level

*Laguna’s Hidden Treasures: Art from Private Collections* will focus on collectors and their art collections in Laguna Beach and the vicinity. Works included in the exhibition will range from early-twentieth century to early-twenty-first century, juxtaposed to one another in unusual and interesting ways. Profiles on the collectors, their collections, and the selected artwork will accompany the selections. One to three works will be selected for inclusion from each collector. Organized by Laguna Art Museum.

Paul Paiement: Hybrids 1.0 - 3.5
March 13-July 10, 2005

*Paul Paiement: Hybrids 1.0 - 3.5* is a five-year survey of this Los Angeles-based painter. Hybrids are an ongoing series of water color and egg tempera paintings based on psychological theories of visual perception. Acting at once as a painter, scientist, and entomologist, Los Angeles artist Paul Paiement creates a unique wonderland by combining common everyday consumer objects into an über-species of colorful bugs, butterflies, praying mantises, and more. Employing the age-old technique of egg tempera, Paiement is able to achieve a wonderful luster in his panel paintings. Paiement skillfully plays with ideas of manipulation and mass production, whereby his subjects are split evenly in two—one side insect, the other a man-made gadget. The effect is quite playful, yet thought-provoking; in a time when the science of cloning, and the constant desire to make people, animals, and goods faster and better has reached a fever pitch, these paintings may also read as subversive.

Paiement has shown widely over the past ten years in solo and group shows in New York, Italy, the Netherlands, Canada, London, Chicago, and extensively in Southern California. His work was most recently featured at the Irvine Fine Arts Center in Irvine, CA; in the international traveling exhibition Miniature in London and Tokyo; and in the exhibition Cyborg Manifesto or The Joy of Artifice at Laguna Art Museum. He is represented by Heather Marx Gallery in San Francisco. Accompanied by a color catalogue. Organized by Laguna Art Museum chief curator Tyler Stallings.

Surf Culture Redux
July 3, 2004-October 2, 2005

This is a re-configuration of the iconic works from the Museum’s most well attended show in its history, Surf Culture—The Art History of Surfing. This exhibition was presented at the Museum in summer 2002 and then for the next two years traveled the U.S. and Australia to four other venues. The work in Surf Culture Redux will be presented in a salon-style installation in order to overwhelm viewers, as if one were riding a wave of information and then wiping out from an

RE: Nominations for "Outstanding Alumnus"

Nine years ago, the Cypress College Foundation initiated the "Alumnus of the Year" Award in celebration of the college's 30th anniversary.

Every year since 1996, the Alumnus of the Year has been honored at graduation. The award serves as recognition for the personal/professional achievements of our alumni and their contributions to society. Past recipients include:

• Stan Oftelie
• Dwayne Washington
• David Holmquist
• Robin Yaffe Tschumper
• Tom Stretz
• Nancy K. Smith
• Mike Sellers
• Andy Fu
• Mark Eaton

We have begun the process of selecting this year’s recipient, and we need your help to identify former students who are candidates for this distinction.

*Please complete the attached form and return it to the foundation office by March 15, 2005 (the more information you provide, the better the chances of your nominee being selected).*

AFTER 35 YEARS AT CYPRESS COLLEGE

DON TYRRELL IS RETIRING!!!!!!

IN LIEU OF A RETIREMENT PARTY A BOOK FUND HAS BEEN ESTABLISHED IN HIS NAME FOR BUSINESS STUDENTS

DONATIONS CAN BE SENT TO AGGIE MARTINEZ OR JEAN ENGLAND IN BUSINESS COUNSELING X 47213
Checks can be made out to Cypress College Foundation

BEST WISHES!
To all of the Cypress College family:

On behalf of the Student Activities Office and Senior Day Committee, we would like to take this opportunity to extend a personal thanks to all of those individuals who were actively involved in making our annual Senior Day a huge success. We welcomed 1,179 high school students to campus yesterday. This was the largest group of students in the past 5 years. I believe they left our campus with a positive experience, one that will hopefully draw some additional students for us. Special thanks to our committee for all of their time and effort in making this event so special - Jean England, Marc Posner, Monica Kim, Robert Grantham, Denise Vo, Don Tyrrell, Jose Recinos, Shirley Smith, Jose Siordia, Kathleen Reiland, and of course Becky Rojas with special help from Sara Hogg and Alex Johnson. We would like to thank all those divisions and programs who took part in providing such a special environment for our visitors. The attendance at the workshops exceeded our expectations - thanks to those who were presenting. Our M&O department thanks and all those individuals who were involved in set-up and clean-up. Our Counselling Department for in-take and information thanks. Our Campus Safety Department for traffic control (on the ground & in the air) and safety for our high school visitors. And all of the many Cypress College students who volunteered their time and effort. This is one event when we all come together for a common purpose - the recruitment of potential students.

Thank You,

Senior Day Committee
Construction: Library/Administration Elevator Project

A new elevator is being installed on the front of the Library/Administration Building. This will serve as the main entrance to the third and fourth floors when the retrofit of the building is complete and will also provide an appropriate elevator for students to use to travel between the first floor and the piazza. Click here to view the photo gallery.
Construction: Student Activities & Central Plant

Work is progressing rapidly inside the former Maintenance & Operations Office and Women's Shower Locker area. The new Student Activities Center will occupy the front of the building and the co-generation plant will be constructed in the pool side of the building. The Student Activities Center is scheduled to open this summer while the Central Plant could be ready for a test run by the start of April. View the photo gallery by clicking here.
