Moving Week Arrives for New Library/Learning Resource Center

► **After two years of construction, final preparations are underway to open the college’s first new building since 1976.**

The last time Cypress College opened a new building, the nation was celebrating its 200th birthday, the Americana Awards were born and Apple introduced the first home computer. Wings topped the Billboard charts with “Silly Love Songs,” Patty Hearst was found guilty of bank robbery and NASA’s Viking I landed on Mars.

Capital punishment was deemed constitutional by the Supreme Court. The Concord began regular trans-Atlantic flights. “The Muppet Show” became all the rage.

Thirty years later, the campus is set to open the latest addition — the Library/Learning Resource Center.

If the schedule holds, crews will begin moving books out of the current library at 4 p.m. on Tuesday.

On Thursday, the L/LRC is set to reach the point of construction known as “substantial completion.” A day later, the first occupants will move in.

This week, crews have been working to complete installation of

furniture, pressure testing of the windows has been conducted, tile has been set in the rotunda and the “wings” are being installed on the face of the building.

The Academic Computing staff is scheduled to install computers through the weekend, January 27-29.

More than 800 data lines are used in the new L/LRC.

The 62,500-square-foot, two-story building is set to open to students on January 30. In addition to the Library, the building will house the North Computer Lab, the Learning Center, the Writing Center, the Teaching Learning Center and a number of study rooms.

The new building’s construction was funded via Proposition 47, a statewide bond that pays for educational facility improvements. A local bond, Measure X, approved by voters in 2002, funds the building’s furnishings.

Later in the spring semester, a ribbon-cutting event will officially celebrate the building’s opening, which will be tied to the college’s 40th anniversary celebration.

For more information about the L/LRC, visit the college Web site and [click on the “Construction Updates” icon](#). There, you will also find links to photo galleries chronicling the project from the groundbreaking ceremony through today.

College Hosts Anaheim Achieves Event

On Thursday, Cypress College hosted the Anaheim Achieves Kid’s Challenge program. This is the second time the college has provided a home for the event, which focuses on academic and enrichment. There were approximately 550 Anaheim Achieves students on campus. Participating students are in grades 4-6. Kid’s Challenge’s purpose is to encourage study of standards-based curriculum, character education, nutrition, and “fun” topics. It is coordinated by the Anaheim YMCA.

Cobb Recommended to be Financial Aid Director

The hiring process for the college’s new permanent Director of Financial Aid has been completed. Dr. Lewis announced that Keith Cobb is being recommended to the North Orange County Community College District Board of Trustees for approval. Cobb has been serving as the interim director since Marlene Miranda’s retirement “and has done an outstanding job for us and for our students,” Dr. Lewis said.

Student Ambassadors

The new student ambassador program has kicked off as part of the college's outreach program. Here two members work in front of the Gonzalez Northgate Market near campus (photo provided by Kelly Grimes).

I've Got School Babe

Fullerton says we're young and we
don't know
We won't be able to make a campus
grow

Well, I don't know if all that's true
Cause you got me and, baby, I got
you
Babe

I got you babe
I got you babe

They say the State won't pay the rent
Before it's earned our money's all
been spent

I guess that's so, our buildings were
small
But you'll see huge changes by this
fall
Babe

I got you babe
I got you babe

We got graduates in the spring,
Athletes with championship rings

And when we're broke, we make do
Thanks to the hard work of people
like you

Don't let them say your hairs too
long

Cause I don't care, this campus can't
go wrong

Then put your little hand in mine
There ain't no construction pile we
can't climb
Babe

I got you babe
I got you babe

We got classes of all kinds

Developing lots of minds

We got health workers galore

Olympians and even more

We got Oscar awardees

Semester Abroad o'er the seas

We got staff of great repute

And working here can be a hoot

With leaders who will look like fools
Breaking all the decorum rules

We got school, babe
We got school, babe
We got school, babe,
We got school, babe
We got school babe.
