New Employee Identification Cards Ready; Photos Taken in Gym 2

The Public Information Office can produce the I.D. cards by appointment. New or existing photos can be used.

The new employee photo identification cards are now available through the Public Information Office. Photos for the cards can come from an existing picture or new ones can be taken.

Please call Public Information, ext. 47006, first to ensure staff is available.

Because photos do not need to be taken at the photo-I.D. station, existing pictures can be used. The public information officer is also available to take individual portraits at division meetings and the like, where large groups of employees are gathered.

In order to print the cards, employees must have their Banner I.D. number available.

The I.D. cards can also be attached to the magnetic key cards for the electronic-access locks installed in various locations on campus.

NOCCCD Board of Trustees Reviewed Accreditation Progress Reports at Tuesday Meeting

The NOCCCD Board of Trustees received and reviewed the Accreditation Progress Reports from Cypress and Fullerton colleges at the most recent meeting this past Tuesday (September 26). The reports address progress being made on three recommendations from the Accrediting Commission for Community and Junior Colleges of the Western Association of Schools and Colleges when it reaccredited our campus and FC last year. Two of the recommendations are District-wide and the same in each report: development of a District Strategic Plan and review of the District Budget Allocation Model. The third recommendation addresses campus-level planning for each college.

The Cypress College Progress Report overviews the process to develop an Educational Master Plan that informs all other planning, including development of the college Strategic Plan and Annual Planning and Budget Processes. Both these long- and shorter-term efforts involve: institutional effectiveness measures, quality review, curriculum review, and assessment of student learning outcomes. The Annual Planning and Budget Process also involves decisions on faculty positions, classified staff needs, one-time budget allocations, and facilities projects.

Reception on Tuesday for New Managers and Newly Tenured Faculty in Culinary Arts

A reception for new managers and newly tenured faculty is scheduled for Tuesday (October 3) in the former Culinary Arts Dining Room.

The event runs from 2:30-4 p.m., with a brief program at 3:15 p.m. to introduce the honorees.

It is open to the entire campus community.

The college's new managers are: Dennis Davino, Special Projects Manager for the Teacher Preparation Program; Yongmi Han, International Students Program Manager; Carol Welsh, Dean of the Library/Learning Resource Center; and Rick Rams, Dean of Student Support Services.

Faculty who attained tenure at the end of the 2005-2006 academic year are: Jennifer Coopman, Science/Engineering/Math; Will Heusser, Social Science; Ben Izadi, Business and Computer Information Systems; John Lambros, Language Arts; Cliff Lister, Fine Arts; Laurie Morvan, SEM; Sylvia Paek, SEM; Kate Reid, Fine Arts; Carlos Sandoval, Social Science; Judy Swytak, Health Science; and Penn Wu, Business/CIS.
More Recognition for Faculty Involved in “The Great Picture” Project

The photography faculty members involved in “The Great Picture” project — Jerry Burchfield, Mark Chamberlain, Jacques Garnier, Rob Johnson, Douglas McCulloh, and Clayton Spada — are being honored by The Architecture Foundation of Orange County with one of two Awards of Special Recognition.

The award is for what the foundation calls “important public art endeavors.” It recognizes The Great Picture, a photograph on canvas exposed and developed in one of the airplane hangars at the former El Toro Marine Corps Air Station.

On July 12, 2006, the six photographic artists of The Legacy Project (www.legacyphotoproject.com) unveiled the world’s largest photograph at a reception held inside the world’s largest camera. This magnificent photograph is three stories high by eleven stories long and provides a panoramic view of a portion of the former military base that is destined to become the heart of the Orange County Great Park.

The Architecture Foundation of Orange County is a non-profit organization dedicated to increasing awareness and appreciation of the Orange County-built environment.

Works of the award recipients were among several Orange County public art projects nominated and discussed by a five-person jury based upon goals and criteria established by The Architecture Foundation of Orange County.

The awards will be presented to recipients on October 21, as part of the American Institute of Architects annual awards program.

The photograph is also being approved for listing in the Guinness Book of World Records.

Language Arts Scholarship Booksale Approaching; Donations Needed

The annual Language Arts Scholarship Booksale is fast approaching. Proceeds from the booksale make it possible to award scholarships to deserving students each year. This year the booksale is being student-run as a Service Learning project.

The dates of the sale are October 16-19, from 8 a.m. to 2 p.m., each day.

Organizers are seeking donations of “unwanted, but marketable books” to add to the collection. Please send donations to the Language Arts Office, attention Kathryn Sonne. Pick-ups can be arranged from your car or office.

Blueprint

A report on Cypress College’s Construction Projects

That thump, thump, thump you’ve probably been hearing — and possibly feeling — on the south side of campus is the happy tapping of pile driving. The work is being done for the new School of Education Building, a one-story facility adjacent to Lot 4.

Roughly 30 piles will be driven for the project. With a schedule of 5 piles per day, the banging concluded earlier today and the pile-driving machine was packed up for its departure.

Piles, for those who are interested, are used to help form the building’s foundation.

Happily, this is the last of the pile driving on campus. The Student Center, the construction project located in the middle of campus, will use a different process that’s more expensive — but much quieter.

The SCE building is scheduled to open next September while the Student Center opening is targeted for January of 2008.

If any construction noise is unbearable, stop by the Student Health Center for a free pair of ear plugs.
Anniversary Event Taking Shape

As part of Cypress College's 40th Anniversary Open House, alumni will have an opportunity to visit with current and retired faculty. The connection between students and faculty will be one of the highlights of the event.

So far, we have received confirmations from the following emeritus faculty that they will attend the event:

- Rick Gruver
- Neil Cooney
- Don Hucker
- Ron Redman
- Joe Boyle
- Paul Ricci
- Tom Reeve
- Gail Taylor
- Kay Bruce
- Mal Bruce
- Jack Weber
- Cy Edwards
- Chris Siragusa
- Sandy McLeod
- Barbara Marrs
- Gail de Mallac
- Don Bedard
- Don Tyrrell

Current faculty members participating in the event include:

- Pat Ganer
- Donna Friess

If you plan on attending, please let us know so that we can share the information with alumni.

Memorabilia, Photos and Other Items Requested

Tom Cooper has this request on behalf of the 40th Anniversary Committee:

May I also add an appeal to all who might wish to donate Cypress college “memory items” for display. We'll set up a table in Culinary Arts to display anything you may want to bring with you to the 40th Anniversary Celebration on Saturday, October 21, 2006. We'll be saving all those special Cypress College memory items as part of the Special Collections in the Library. We have some significant “firsts” that will be on display both in the Theater/Culinary Arts area as well as in the new Library.

Remember that the 50th celebration is not that far away and we would appreciate any items you may wish to contribute to the collection to be saved for that event as well!
Cypress College Alumnus Sets All-Time Major League Baseball Saves Record

Trevor Hoffman is now officially the best relief pitcher in Major League Baseball history. The San Diego Padres closer, and Cypress College alumnus, closed out three consecutive games last Friday, Saturday and Sunday to move atop his sport’s all-time saves list. His 479th save, which came in the Padres final home game of the regular season on Sunday, surpassed the previous record set by Lee Smith.

You can hear the final out on this week’s edition of the Cypress College Podcast [listen in iTunes or on your computer].
Reception for New Managers and Newly Tenured Faculty

When:  Tuesday, October 3, 2006, 2:30 to 4:00 pm
There will be a brief program beginning at 3:15.

Where:  Culinary Arts Dining Room

Newly Tenured Faculty
Jennifer Coopman         Sylvia Paek
Will Heusser             Kate Reid
Ben Izadi                Carlos Sandoval
John Lambros             Judy Swytak
Cliff Lester             Penn Wu
Laurie Morvan
Brian Wetzel was a professional stand-up comedian whose career and personal life were absorbed by his struggle with clinical depression and subsequent addiction. Bringing his sense of humor and experiences together, Brian takes his audience on a unique journey of laughter, painful truth, and finally, hope. By walking side by side with the affliction, he finds a way to keep surviving, keep learning, and keep living.

Since its debut in Sept. 2004 Side by Side has played such diverse venues as Stanford University and Napa State Hospital.

"Everyone really got a lot out of it... I believe those who have not been clinically depressed got empathy, those who treat the depressed got understanding and ideas about treatment and those who suffer from it got validation and a feeling that they are understood and not alone. “

(Donnovan Somera Yisrael, Health Education Specialist, Vaden Health Center, Stanford University)

Cypress College invites the community — especially all past students — to join us for our 40th Anniversary Campus Open House

Cypress College is currently celebrating the campus’ 40th anniversary. The college first opened on September 12, 1966 — an unbelievable 74 days after escrow closed on the 110-acre former dairy farm. *Newsweek* magazine described it as “the instant campus.”

Several events will mark the anniversary. The community is invited to attend a campus Open House on Saturday, October 21, 2006, from 2-5 p.m. One highlight is the opportunity for former students to visit some of their friends and former faculty members.

Former students can reconnect with the college and subscribe to our upcoming Alumni Newsletter by visiting the Alumni page on our 40th Anniversary Web site at: [http://www.CypressCollege.edu/40th](http://www.CypressCollege.edu/40th).

**DID YOU KNOW?**
- **FULL-CREDIT**: Cypress College’s 58 bachelor’s-degree programs are equivalent to the first two years at Cal State, the University of California, and many private universities
- **FAST**: 122 career-certificate programs, completed in one semester to two years
- **EARN MORE**: Associate’s degrees are offered in 48 areas of study; earning an associate’s degree boosts lifetime earnings by $250,000
- **LOW COST**: $78, plus books, for a typical class
- **FINANCIAL AID**: Cypress College administers more than $6 million in federal and state funds annually
- **FLEXIBLE**: Classes available during the day, evening, on the weekend and even online

---

For nearly a half-million students, Cypress College has been a springboard to their dreams. Come to Cypress College and Go Places!
