All Set for Saturday; 40th Anniversary Open House is from 2-5 p.m.

The “i”s are dotted and the “t”s are crossed as the campus is set to host former students and employees this Saturday.

Saturday’s Open House plans are set. For the 40th anniversary of the college, the campus will come to life from 2-5 p.m. as alumni return to visit with faculty members both past and present.

All the details are now available on the event’s Web site at http://www.CypressCollege.edu/40th.

The site includes the names of all employees who plan to attend — at least those we’re aware of. Alumni will have the opportunity to visit with many of the faculty in locations across the campus.

The open house also represents the first opportunity for many people to see and tour the new Library/Learning Resource Center. Alumni are also encouraged to re-connect with the college. A form is available on the Web in the 40th anniversary section; a printable version is also in the @Cypress “extras.”

Adjunct Instructor Lisa Gigliotti Battling After Being Involved in a Fatal Auto Accident

Instructor Lisa Gigliotti is facing a huge medical battle after being injured and severely burned in an auto accident that took the life of the motorcyclist who hit her car earlier this month.

Gigliotti, an adjunct faculty member in the Spanish Department, has already undergone two surgeries to begin the long process of recovering from the third-degree burns that cover 56% of her body.

She was headed to Long Beach City College to pick up her daughter just after noon on October 4, when her car was hit by a motorcycle traveling down Carson Street at more than 80 miles per hour, according to a moving article in the Long Beach Press Telegram. The force of the impact pushed Lisa’s car some 15 feet and caused the motorcycle’s fuel tank to explode, the paper said.

Anyone interested in helping her family with medical expenses can contact the Cypress College Foundation — 100% of the donations will go to the Gigliotti family. The Foundation can be reached via e-mail or by calling (714) 484-7126.

PEN USA Literary Nomination for CC Play

Congratulations to Mark Majarian and a number of his theater students. Majarian and his class worked on a play called “Big Death and Little Death” during a summer 2002 workshop. That play, which was expanded from 40 pages at the time to a full-length script, has been nominated for a prestigious PEN USA 2006 Literary Award for Drama. Author Mickey Birnbaum passed along the great news to Majarian late last week. More information on the awards is at penusa.org.

“Half-Semester” Classes Begin on Monday

Second “Half-Semester” courses begin next week. The classes are ideal for students who need to get up to full-time status for financial aid, EOPS or insurance eligibility.

More information is available in the class schedule, on CypressCollege.edu, and it has been sent to all students who list an e-mail address in Banner.

Up-to-date information about class availability can be found in the open class list or in WebStar.

The pond area is nearing tip-top shape as the campus prepares for Saturday’s 40th Anniversary Open House. Earlier this week, the new fountains were tested after the pond was re-filled with fresh water. Landscaping has been manicured and the light poles have been refurbished.

With significant progress made on the installation of new piazza railing above the Student Activities Center, much of the chain-link fencing has been removed from the front of that building, adding to the improved look around the pond.

The hard work of the Maintenance and Operations staff is once again very evident.

Work is continuing on the three elevators currently under construction (TE-1, Business and Fine Arts). The remodel for efficiency in the T ech Ed 1 Building is finally nearing completion. Classes are scheduled to move into that building during the week of October 30.

Preparation for the demolition inside T ech Ed 2 — which will undergo its own major renovation — is evident to anyone who walks into the building. That work can begin once classes in the Airline Travel Careers and Aviation Technology programs move into TE-1.

Progress is also evident inside the SCE construction zone as pile driving has been completed and utilities and pipes are springing up from under the dirt.

The Cypress Chronicle is available online at CyChron.com. In addition to the print edition, there’s also additional information that doesn’t quite fit into the ink-and-paper version, and some video, too.

The annual Red Ribbon Week celebration by the Associated Students will be held Wednesday, from 10 a.m.-1 p.m., in front of the L/LRC.
Anniversary Event is Tomorrow

As reported in @Cypress, tomorrow (Saturday, October 21, 2006) is the big 40th Anniversary Open House.

In addition to the information in this edition, details about the event are available on the 40th Anniversary Web Site at http://www.CypressCollege.edu/40th.

Among the items on that site is a complete listing of all the faculty (past and present) who are expected to attend the event. The printed program, which includes times and locations for events, is also there.

Information about ordering the official 40th Anniversary history book — authored by Pat Ganer — along with multimedia and photos from the event, will be added early next week.

The site also offers the opportunity for alumni to re-connect with the college.

We hope to see you here on Saturday.
Cypress College invites the community — especially all past students — to join us for our 40th Anniversary Campus Open House

Cypress College is currently celebrating the campus’ 40th anniversary. The college first opened on September 12, 1966 — an unbelievable 74 days after escrow closed on the 110-acre former dairy farm. Newsweek magazine described it as “the instant campus.”

Several events will mark the anniversary. The community is invited to attend a campus Open House on Saturday, October 21, 2006, from 2-5 p.m. One highlight is the opportunity for former students to visit some of their friends and former faculty members.

Former students can reconnect with the college and subscribe to our upcoming Alumni Newsletter by visiting the Alumni page on our 40th Anniversary Web site at:

CHILDREN OF HEAVEN
Rated PG, Miramax Pictures, 88 minutes, 1999
Mohammad Amir Najj, Fereshte Sarabandi, Karnal Mirkarimi, Directed by Majid Majidi
Set in modern-day Iran, the story tells of an eight-year-old boy Ali and his younger sister, Zahra, who are accustomed to shouldering much responsibility. When Ali loses Zahra’s only—and recently mended—pair of shoes, the siblings are too scared to tell their father about the loss and can’t afford to buy another pair. When the shoes are finally found on another girl, who probably needs them just as much, it’s up to the boy to find a way to get his sister a new pair of shoes. A fascinating film about the lower rungs of society, where what you wear on your feet says much about your status.

WE OF THE NEVER NEVER Rated G, Sony Pictures, 134 minutes; 1982
Angela Punch McGregor, Arthur Dignam, Martin Vaughan, Lewis Fitz-Gerald, Directed by Igor Auzins
This film is the true story of the first white woman to travel into Australian wilderness (known as the Never Never). This visually stunning film portrays a woman overcoming sexist and racial prejudice in the outback. She struggles to be seen as an equal in the harsh terrain but long held prejudices are hard to overcome. Another important facet of the film deals with the tragic consequences of white settlement in the aboriginal territory. The early relationships of the Australian Aborigines and white Australians provides an interesting look into Australian history.

We invite you to join in the fun as we present a delightful evening of great choruses and solos from the stage; including selections from recent musical theater hits like *Wicked*, *Spamalot* and *Rent* to more established works such as, *Les Misérables*, *The Phantom of the Opera*, *Sunset Boulevard*, *Man of La Mancha*, *Showboat* and *The Fantasticks*. From the operatic world, patrons will also enjoy a variety of offerings from *Candide*, *Gianni Schicchi*, *The Bartered Bride*, *Lakmé*, and *The Tender Land*, plus the Halloween appropriate “Witches Chorus” from *Macbeth* with a veritable plethora of witches.

This diverse repertoire will include selections ranging from Andrew Lloyd Webber and Jerome Kern to Giacomo Puccini and Aaron Copland. One particularly unique point in the show will be the charming and delightfully humorous opera parody called “An Opera Extract” which pokes fun at the melodramatic aspects of opera. This work comes complete with a Gilbert & Sullivan-esque chorus, a lilting (some might say gushing) soprano, a villainous Bass (Boo-o-o !!!), an heroic tenorial death (sighing and much gnashing of teeth), and a Fairy - - - (you know, the kind with wings that grants wishes). Yes, there will be a little something for nearly every musical-theatrical taste, with a touch of Mel Brooks thrown in just for fun.

Bring your friends and prepare to hum along with the songs you love and to laugh out loud with the musical antics of the evening. This will be a concert you won’t want to miss. Come share in the Fun!

The **Cypress Masterworks Chorale and Camerata**, a combined ensemble of 115 voices, has attained a reputation for excellence throughout the Southland. In addition to their regular four-concert season, the choirs participate in regional music festivals and have been featured performers for the Choral Conductors Guild, the American Choral Directors Association, and last Spring they were invited to perform at the California Music Educators state convention in Sacramento.

The Cypress choirs have toured throughout Europe, the Middle East, Australia, New Zealand, Fiji and Russia. They have performed at the Hollywood Bowl, the Orange County Performing Arts Center, the Vatican, the Sydney Opera House, Radio Vienna and at New York City’s famed Carnegie Hall on three separate occasions.

**Dr. Sheridan Ball** received his Bachelors and Masters degrees from the University of Northern Colorado and a Doctorate of Musical Arts from the University of Southern California. He served as the Chairman of the Cypress College Music Department for six years and is currently celebrating his 26th season as director of choirs at Cypress College. Dr. Ball is also an Associate Conductor for MidAmerica Productions in New York City and is a frequent choral adjudicator and clinician.
Proposition 1D: Kindergarten-University Public Education Facilities Bond of 2006

This year, the State Legislature approved and the Governor signed AB 127 (Nunez): Education Facilities, which authorized Proposition 1D: Kindergarten-University Public Education Facilities Bond of 2006. Voters will decide whether to give final approval to Proposition 1D during the November 7, 2006, general election.

If approved by voters, Proposition 1D will provide $10.416 billion for capital facilities state-wide as follows: $7.329 billion for kindergarten and grades 1 to 12; $1.507 billion for community colleges; $890 million for the University of California; and $690 million for California State University.

From the state-wide community college allocation, the North Orange County Community College District will receive $87,796,000 for one project at Cypress College and two projects at Fullerton College. The District also will provide local funding (local bond proceeds, redevelopment funds, and carry-over general funds) to pay for 10% of each of these projects as follows:

VOTER EDUCATION MONTH

The Secretary of State and the California Association of Clerks and Elections Officials, in conjunction with several statewide associations and organizations is sponsoring “Voter Education and Participation Month” for October to let every citizen know how simple, convenient, and important it is to register and vote. There are six things every voter should know about the statewide general election coming up on November 7, 2006.

First, democracy depends on the “consent of the governed” and that consent is given at the polling place. Each of us needs to do our part by voting on Election Day. You don’t have to vote on every office or measure --- you can pick those you are interested in, but don’t let others make your choices for you. Be Heard! Vote!

Second, in order to vote you must be registered. If you are not already registered at your current address, it is very easy to do so. You can obtain a form to register to vote from the County Registrar’s office, City Hall, most libraries and post offices, or on-line from the Secretary of State’s web site www.ss.ca.gov. It takes just a minute to complete the form --- just slip it in the mail (it is free, postage is paid). The last day to register to vote in the November 7th election is October 23rd, but you should register early to make sure you receive all the informational materials.

Third, if you wish to vote by mail instead of at a polling place on Election Day, you can apply for an absentee ballot by using the form on the back of your “sample ballot.” This will be mailed to you 3 or 4 weeks before the election. Just fill out the form and return it in the mail, making sure that it is received by the elections office not later than October 31st.

Fourth, finding out about who is on the ballot and what propositions will be voted on may seem difficult, but it is not. You will receive a publication from the Secretary of State with nonpartisan information about each state proposition. If you want a shorter explanation, you can go to www.easyvoter.org to see a copy of the “Easy Voter Guide.” You can find information about candidates from www.smartvoter.org or from the various candidates and their campaigns.

Fifth, if you intend to vote at your polling place, you need to know where it is located. Though election officials try to maintain the same location for each election, sometimes that is not possible. Look on the back of your sample ballot for the address where you vote. Or you can go to www.smartvoter.org or www.ss.ca.gov to find your polling place. Polls are open from 7am until 8 pm.

Sixth, on election night there are several ways you can find out who won. For up-to-the-minute results, you can visit the Secretary of State’s web site www.ss.ca.gov.

Don’t forget to vote on November 7th!
