## Second '1/2-Semester Courses' Begin the Week of October 22

► **The classes offer full credit in just nine week, are the last significant opportunity to expand this semester's enrollment growth.**

For students looking to maintain full-time status or accelerate their graduation timeline, the "1/2-Semester Courses" that begin during the week of October 22 are a perfect opportunity to complete another class.

For the college, they represent the last significant opportunity to expand the enrollment growth experienced to this point in the semester.

Increasing enrollment is important because of the funding implica-

tions to the campus — including the future for potential growth positions, supply budgets and other campus priorities.

A listing of second "1/2-Semester Courses" is available in the class schedule and [online by clicking here](#). A list of classes with space still available is dynamically updated each hour, providing a near-real-time look at [courses with open seats](#).

The classes offer full credit in the nine weeks between their start and the end of the semester.

Enrollment is up roughly 6%, while FTES is projected to grow somewhere between 1.5% and 2%. FTES, the measure of full-time equivalent students, is the enrollment formula used by the state to calculate funding to the District.

## Free Flu-Shot Clinic on Campus Friday, November 2 as Part of Emergency Drill with County

Cypress College students, staff and the general public are invited to roll up their sleeves and get a free flu shot on Friday, November 2, from 11 a.m.-3 p.m. during an on-campus exercise that will test the abilities of the County of Orange and other community partners to respond to a potential public health emergency.

The free flu shots will be available during a Points of Distribution (POD) exercise to be hosted by the City of Cypress and Cypress College and other community organizations. In addition to the free seasonal flu shots, there will be a limited supply of FluMist, a nasal flu vaccine that can be given to healthy children and adults between the ages of 2 to 49. Read more in the [@Cypress "Extras" section](#).

### Internship Coordinator Sought

Full-time and adjunct faculty are invited to submit a letter of interest to be the Title V Vocational Internship Coordinator. The position has 40% reassigned time for full-time faculty and 16 hours a week on a professional expert contract for adjunct instructors.

All letters of interest should be addressed to Steve Donley, the Title V administrator, and are due no later than November 2.

Additional information is in the [@Cypress "Extras" section](#).

### Transfer Awareness Week is Oct. 22-26

October 22-26 is [Cypress College Transfer Awareness Week](#). The event, put together by the Transfer Center, features a variety of workshops and visits from representatives of area universities. Events on Thursday, October 25, include the annual Transfer Day Fair. It features representatives from more than 40 universities. The event takes place from 10 a.m.-1 p.m. in front of the Cypress College Complex. Workshop topics include a transfer "Q & A" session with Transfer Center Director Penny Gabourie.

Yes, the semester is nearly half over. But that doesn't mean it's too late to take another class and still earn full credit.

Cypress College's second "Half-Semester" classes provide a great opportunity to complete another course before the end of the term.

If you're enrolled in less than 12 units, the second "Half-Semester" session allows you the opportunity to reach full-time status this semester. Being a full-time student often carries benefits, especially related to financial aid and frequently for insurance purposes as well.

You can use WebStar to register for these additional classes at any point between now and day before classes begin. After that, you will want to contact the instructor or attend the first class meeting to obtain an add code, if available. If you have any questions, let us know.
