Major \_\_\_\_\_ Transfer To \_\_\_\_\_ Counselor \_\_\_\_\_

**Certification of General Education Requirements for CSU:** Students planning to graduate from one of the campuses of the California State University must complete a minimum of 48 semester units in General Education breadth courses. Cypress College is permitted to certify completion of the lower division 39-unit general education requirement. A minimum of 9-units of General Education coursework must be completed at the upper division level after transfer. To meet general education requirements and obtain certification, students must complete the pattern of courses in the categories listed. **Certification is not automatic.** Students must apply for GE certification through the Admissions and Records Office by the published deadline during the semester in which requirements will be completed or thereafter. The courses on the list are approved for a specific academic year. The course must be on the list when it is taken in order to be certified. This list has some courses that are valid for only certain years, students should refer to the legend below or with the Cypress College CSU GE-Breadth Certification List on [www.assist.org](http://www.assist.org) to verify that a course was valid when it was taken. A course or sequence of courses used to satisfy a requirement in one area may not be used to satisfy a requirement in another area. Some universities will not allow students to count courses in their major field as part of general educations. Check with a counselor and review the university catalog for further clarification.
